Assurances, Affirmations, and Declarations

ISANA Octavia Academy (also referred to herein as “Octavia” and “Charter School”) shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(d)(1).)
- Not charge tuition. (Ed. Code § 47605(d)(1).)
- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code. (Ed. Code § 47605(d)(1); Ed. Code § 220.)
- Except as provided in Education Code section 47605(d)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(d)(1).)
- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(d)(2)(A).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). (Ed. Code § 47605(d)(2)(B).)
- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(d)(3).)
- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(c)(1).)
- Consult, on a regular basis, with Charter School’s parents, legal guardians, and teachers regarding the school’s educational programs. (Ed. Code § 47605(c)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School’s employees for

the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific “District Required Language” (DRL), including the *Assurances, Affirmations, and Declarations* section above. The DRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the DRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the DRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the DRL contained in the addendum, the provisions of the DRL addendum shall control.

Element 1 – The Educational Program

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(b)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(b)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(b)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(b)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School “shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.” (Ed. Code § 47606.5(e).)

ACADEMIC CALENDAR AND SCHEDULES

Charter School shall offer, at a minimum, the number of minutes of instruction set forth in Education Code section 47612.5, and the number of school days required by California Code of Regulations, title 5, section 11960.

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

HIGH SCHOOL EXIT EXAMINATION

Charter School shall comply with all applicable requirements of Education Code sections 60850 – 60859, including but not limited to the requirements of sections 60851.6 and 60852.3.

ENGLISH LEARNERS

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School's core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD English Learner Master Plan *or* Charter School's own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School's EL program, and shall address the following:

STUDENTS WITH DISABILITIES

Federal Law Compliance

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

Special Education Program

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School’s inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a “school of the district” for special education services, Charter School shall execute a Memorandum of Understanding (“MOU”) by and between LAUSD and Charter School regarding the provision and funding of special education services consistent

with applicable state law and the LAUSD Special Education Local Plan Area (“SELPA”) Local Plan for Special Education and shall be considered a “public school of the District” for purposes of Special Education pursuant to Education Code Section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code Section 47641 (a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b).

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding (“MOU”), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Modified Consent Decree Requirements

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree (“MCD”) and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

As part of fulfilling the District's obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor's ("OIM") required format in accordance with the OIM's required timelines and as follows:

- End of Year Suspension

District ID, SSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- Statewide Assessment Data

The standard file including District ID.

- Norm day

District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- CBEDS

- All Students enrolled as of December 1 of each school year

District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- Dropout

District ID, SSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district

- Monthly SESAC and Suspension data

- Graduation roster from all charter schools with 12th grade students with disabilities

The MCD requires charter schools to implement the District's integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Upon charter school full utilization of MiSiS either directly or via a web based API, the list of required data above will automatically be captured within MiSiS.

Community Need for Charter School

2. School’s Performance over Current Charter Term

ISANA Octavia Academy (“Octavia” or “IOA”) is currently seeking its second renewal and entering its 10th year of successful operation in the Glassell Park Community. On or around July 23, 2018, ISANA amended its Articles of Incorporation to change the name of the organization from “Celerity Educational Group” to ISANA, and ISANA and the District agreed in a signed amendment to amend this charter to reflect the organization’s new name. Based on our record of performance, ISANA Octavia Academy has and will continue to meet the needs of the community it serves. In the Fall of 2010, ISANA Octavia Academy opened its doors to 135 students from the

Glassell Park Community. ISANA soon gained a reputation for having a quality instructional program. As this reputation spread throughout the community through word of mouth and effective recruiting, our student population continued to grow. By the spring of 2019, our student population had grown to 510.

2a) Academic Performance Data

The Charter Schools Act expressly encourages the renewal of a charter as long as the school meets at least one of the minimum academic achievement renewal criteria under Education Code section 47607(b):

- Attained its API growth target in the prior year or in two of the last three years both schoolwide and for all groups of pupils served by the charter school. (Ed. Code, § 47607(b)(1).)
- Ranked in deciles 4 to 10, inclusive, on the API in the prior year or in two of the last three years. (Ed. Code, § 47607(b)(2).)
- Ranked in deciles 4 to 10, inclusive, on the API for a demographically comparable school in the prior year or in two of the last three years. (Ed. Code, § 47607(b)(3).)
- The entity that granted the charter determines that the academic performance of the charter school is at least equal to the academic performance of the public schools that the charter school pupils would otherwise have been required to attend, as well as the academic performance of the schools in the school district in which the charter school is located, taking into account the composition of the pupil population that is served at the charter school. (Ed. Code, § 47607(b)(4).)

Almost all of the charter renewal criteria under Education Code section 47607(b) are tied to API scores. As a result of the California Legislature abandoning API in favor of a new multi-measure accountability system, the Legislature provided new charter renewal criteria as it relates to academic achievement in Education Code section 52052(f):

- New Criterion. “For purposes of paragraphs (1) to (3), inclusive, of subdivision (b) of Section 47607, *alternative measures that show increases in pupil academic achievement for all groups of pupils schoolwide and among numerically significant pupil subgroups* shall be used.

ISANA Octavia Academy takes great pride in our students’ consistently strong performance and growth on standardized and internal assessments and other indicators of academic achievement. As reflected in the CAASPP and the California School Dashboard, and as summarized below, Octavia has experienced increases in pupil academic achievement both schoolwide and among its various numerically significant student groups.

The percentage of Octavia students schoolwide who Met or Exceeded standards on the CAASPP increased each year over the current renewal term in both ELA and Math, as the graph below shows.

In ELA, the percentage of ISANA Octavia students schoolwide who Met or Exceeded standards on the CAASPP increased by 2.410% between 2015-16 and 2017-18 in ELA (from 52.00% to 54.41%). In Math, the percentage of ISANA Octavia Academy students schoolwide who Met or Exceeded standards on the CAASPP increased from 2015-16 to 2017-18 by 4.45% (from 45.00% to 49.45%).

Additionally, over the current renewal term on the CAASPP (and every year since the CAASPP began), ISANA Octavia Academy has significantly outperformed the Resident and Similar Schools Median each year in both ELA and Math, and has also outperformed District and State averages each year.

* Data taken from LAUSD ODA Data Set and CDE

As shown in the graphs above, in 2017-18, ISANA Octavia Academy outperformed the Resident Schools median by 16.34% and the District average by 14.41% in ELA. In Math, Octavia outperformed the Resident Schools median by 20.79% and the District average by 19.45%. The wide margin by which ISANA Octavia Academy has been consistently outperforming the Resident Schools median (as well as every one of its resident schools) demonstrates how ISANA Octavia Academy is closing the achievement gap and increasing student achievement in the communities we serve.

Student Groups: Not only is ISANA Octavia Academy outperforming the Resident Schools Median schoolwide, but it is also outperforming in all five (5) of its numerically significant student groups – English Learners, Socioeconomically Disadvantaged, Hispanic/Latino, Students with Disabilities, and Filipino students. As the graphs below show, all five of Octavia’s numerically significant student groups significantly outperformed the Resident Schools median scores in 2017-18 in both ELA and Math. Additionally, all five groups outperformed the District average in ELA and Math, as well as the State average in Math, and four of the five outperformed the State average in ELA.

2017-18 CAASPP Hispanic/Latino Percent Met/Exceeded Standards

2017-18 CAASPP Students with Disabilities Percent Met/Exceeded Standards

* Data taken from LAUSD ODA Data Set and CDE

As the graphs above show, not only are ISANA Octavia Academy’s student groups outperforming their counterparts at Resident Schools, they are doing so by a wide margin. In 2017-18, Octavia’s English Learners outscored the Resident Schools’ Median by 17.13% in ELA and 21.04% in Math, Socioeconomically Disadvantaged Students outscored the Resident Schools’ Median by 17.57% in ELA and 21.79% in Math, Hispanic/Latino outscored by 19.23% in ELA and 23.84% in Math, Students with Disabilities outscored by 5.15% in ELA and 6.52% in Math, and Filipino students outscored by 21.92% in ELA and 28.62% in Math. Additionally, the percentage of Octavia’s Filipino, Hispanic or Latino, and socioeconomically disadvantaged students who Met or Exceeded standards increased over the current renewal term in both ELA and Math, and the percentage of students with disabilities increased in ELA.

At ISANA Octavia Academy, we take great care and pride that not only our 3rd-8th grade testing students show progress, but so do our students TK-2nd. Using i-Ready Internal Diagnostics (which have been proven to be closely aligned to SBAC results), each of our grade levels TK-2 and numerically significant student groups in those grades showed progress. In 2017-18 TK/Kindergarteners increased 14.00% in ELA and 17.00% in Math. 1st grade increased 15% in ELA and 18% in Math. 2nd grade increased 19.00% in ELA and 11.00% in Math. English Learners increased 17.00% in ELA and 12.00% in Math. Socioeconomically Disadvantaged Students increased 12.00% in ELA and 11.00% in Math. Hispanic and Latino students increased 18% in ELA and 16% in Math. Black and African American students increased 13.00% in ELA and 20.00% in Math. Students with Disabilities increased 3.00% in ELA and stayed the same in Math.

The California Dashboard has also shown the success of ISANA Octavia Academy’s CAASPP Data. In both ELA and Math, ISANA Octavia Academy scored “Green,” as can be seen below.

CCSA Academic Accountability Report

The report below is an evaluation of our school according to the California Charter Schools Association's framework based on publicly available academic indicators. All non-DASS public schools with 30+ CAASPP test-takers and in operation for 4 or more years are evaluated by the California Charter Schools Association (CCSA) based on the past three years' worth of assessment results and post-secondary outcomes.

Per CCSA's accountability framework, as described below, our school is *above* CCSA's minimum academic criteria and *has met the academic threshold* for CCSA's public advocacy support for renewal.

Every school is evaluated on the following criteria, and is considered "above" if the school is able to demonstrate academic success on at least one of the following metrics:

- State Rank (Academic Status): DF3 decile rank of 4 or more in 2 of the past 3 years (DF3 is described below). Academic Status is the school's DF3 compared to all other eligible public schools in California, using decile rank.
- Similar Schools Rank (SSR): SSR of 4 or more in 2 of the past 3 years. The Similar Schools Rank is a 1-10 decile ranking of average student test results, after taking into account the demographics of a school's tested students.

For Elementary and Middle Schools:

- Academic Growth: Above the 75th percentile in DF3 growth over the past 3 years (between 2015 and 2017, this was 18+ points). Academic Growth is the amount of change in a school's average DF3 over the past three years, and shows that the school is making some progress toward having all students meet ELA and Math proficiency standards.

For High Schools:

- Post-secondary readiness: 75% of graduating seniors have completed the minimum course requirements of the University of California/California State University system with a "C" or better in 2 of the past 3 years.

Regardless of whether a school is above on any one of the above metrics, if a school is in the bottom 5 percent of performance statewide on DF3 in 2 of the past 3 years, the school is required to participate in a Multiple Measure Review in order to determine eligibility for CCSA's public advocacy support for renewal.

Additional information about CCSA's accountability framework:

- Like the California Department of Education (CDE), CCSA utilizes "Distance from Level 3" (DF3) as a status measure for academic progress. Unlike the CDE, CCSA incorporates grade 11 in the calculation – which will not be done by the CDE until later in the 2018-19 academic year. CCSA ranks the DF3 score given to every eligible public school in the state from lowest to highest into percentiles (1-100) and 10 decile ranks. The 1st percentile is equivalent to the lowest 1% of schools statewide, while the 1st decile translates to the bottom 10% of schools (1-10), according to the schools' average CAASPP results. Conversely, the 10th decile rank is equivalent to a school having an average DF3 in the top 10% of schools statewide (91-100). A school's percentile and decile rankings are used to evaluate whether the school is meeting minimum academic performance.
- CCSA's accountability framework is in alignment with California Education Code §47607 in its similar use of State Rank and Similar Schools Ranks as well as prioritizing "pupil academic achievement for all groups of pupils served by the charter school as the most important factor" in determining whether to advocate for the renewal or non-renewal of the school. CCSA uses California Education Code §52066 in determining what to classify as an indicator of academic achievement. This is in contrast to the California Dashboard published by the California Department of Education, which does not prioritize or weight academic achievement greater than non-academic indicators.

The selected school is not in the bottom 5th percentile of performance and is above on at least one of the initial filters.

2b) Success of the key features of the educational program

The abovementioned successes can be attributed to the successful implementation of the key features of the educational program at ISANA Octavia Academy.

- **Principles of Learning (POLs):** Principles of Learning are research-based approaches to learning developed by Lauren Resnick. It is the firm belief that intelligence is not fixed and innate, but rather learned through building habits of mind. Smart is not something you *are* it is something you *do*. Under these 9 Principles of Learning, teachers create a learning environment that fosters the habits of mind—in this environment, students are self-managing their own learning, thinking about their thinking, recognizing their own accomplishments and growth, and holding each other accountable. Teachers embed these principles in their teaching and have students reflect on it as well. The 9 Principles of Learning supports all student groups served by the school by encouraging students to set goals based on where they are and where they want to go, and giving them the tools to meet those goals and be successful school and in life. This can be seen most recently in Professional Developments around Growth Mindset and “Data Chats” as students set goals for themselves for upcoming iReady diagnostics.
- **Project Based Learning (PBL):** Through Project Based Learning students learn how to conduct research based on inquiry questions and learn to use problem solving skills to find answers to questions. One example of this is the Dream Project, where students take a United Nations Millennium Development Goal and delve into its causes, effects and what

actions can be taken to remediate them. Students partake in learning activities to help them gain an awareness of global issues and how to tackle them. Performance Tasks are another way that Project Based Learning can be seen in the school. Classes take on real world situations, such as planting a garden, developing a theme park or trying to determine how much of the city's budget will go into fixing potholes, and work backwards to find a solution through the completion of numerous tasks. Students work in cooperative learning teams supporting each other and their individual needs. Project Based Learning supports student groups because it allows for students to generate and implement their own ideas, and work on tasks at their own pace in a collaborative fashion to support language development. Tasks are differentiated to support all student groups. Teachers support student learning using differentiated strategies, targeted specific instruction, and the development of content-specific and academic language. As a result, in the ELA CAASPP for the past few years, the area in which the highest percentage of students at ISANA Octavia Academy (schoolwide and student groups) scored "Above Standard" was Research/Inquiry, followed by Reading. We attribute the strength of students in Research/Inquiry to our consistent use of Project Based Learning from Kindergarten through 8th grade, during which time students engaged in Research and Inquiry on a regular basis.

- Culturally Relevant and Responsive Pedagogy (CRRE): The cultures from which our students come from are valued assets that are discussed, understood, and respected in the classrooms and used to enhance student learning. ISANA teachers incorporate culturally responsive teaching and learning to tap into students' prior knowledge and interests. Teachers plan lessons keeping in mind student demographics – for example, utilizing Spanish cognates in order to draw closer lingual-connections or using literature that reflects the African American experience. Teachers embed culturally relevant support and awareness for all subgroups by focusing on characteristics of the group and exposing them to other groups.
- Performing Arts Program: All ISANA students participate in a robust Performing Arts program, which includes dancing, singing, and acting. Physical activity is a key component of this program as students participate in dance class twice weekly; singing and acting are taught as well. They learn the dances and styles from around the world as they put on productions throughout the year for parents and the community. Students learn first-hand the rigors and joys of practice leading to a recital before an audience from Performing Arts teachers who are highly skilled in their respective disciplines. Through the teaching of lessons aligned to Visual and Performing Arts Content Standards and the alignment of Performing Arts with classroom instruction, academics are woven into the fabric of show preparation. Teachers encourage students to explore not only the performance aspect of the production, but also how the themes within the storyline have shaped society.
- The Expanded Learning Department ("EXL") is available to all ISANA students. The EXL Program's core components are Homework Assistance, Academic Enrichment, Social

Enrichment, Physical & Health Enrichment, Literacy, STEM, and Career Development. In addition to providing a safe and supportive environment for homework completion, the EXL Program aligns itself to day school pacing guides and common core standards to offer an extension to day school instruction that is collaborative and engaging. During Social Enrichment students are exposed to programs such as Kidsmartz, Netsmartz, Every Monday Matters, Scrabble, Clever Crazes and a variety of ISANA created social emotional activities designed to facilitate healthy moral development. The implementation of programs such as Speed Stacks, US Soccer Foundation, BOK Kids, and CATCH curriculum ensure that students receive a rigorous and structured physical and health enrichment experience. In addition to the core components, each student participates in the EXL Reader's Theater program, a series of weekly book clubs that culminate in a student created and produced performance, Fun Friday Science Club, which is a series of weekly science experiments which culminates in a school wide Science Showcase for each grade level, and Futuristic Friday's, a series of college and career exploration workshops which culminates with a student success showcase. Through partnerships with The National Center for Missing and Exploited Children, LACOE Expanded Learning unit, Reebok, Girl Scouts, Every Monday Matters, US Soccer Foundation, Clever Crazes and Scrabble, students are provided with access to a variety of enrichment programs that complement their academic, social, and emotional development.

- Socio-emotional focus: A major focus at ISANA Octavia Academy is the socio-emotional wellness of its students. ISANA Octavia Academy establishes a positive school culture and effective discipline practices consistent with the District's Discipline Foundation Policy by establishing school wide behavioral expectations and training staff (both certificated and classified) in Love and Logic, Trauma-Informed Instruction, De-Escalation Strategies, Peace Tree, PBIS, CoST (Coordination of Services Team), and other interventions that maintain a positive school culture. Staff uses what they have learned through ongoing professional development to serve as role models and maintain appropriate relations with all students. We have undergone and given professional development to staff, students, and families in Growth Mindset and the Love and Logic approach to positive discipline, a philosophy of raising and teaching children, which allows them to grow through their mistakes and live with the consequences of their choices. Training focuses on skills such as neutralizing student arguments, delayed consequences, empathy, the recovery process, developing positive teacher/student relationships setting limits with enforceable statements, using choices to prevent power struggles, quick and easy preventative interventions, and guiding students to own and solve their problems. Further, the Pupil Services Team partnered with Principals to provide staff with Love and Logic: Adults Supporting Youth with Challenging Past (Trauma Informed Care) training. This curriculum included modules such as: Attachment Relationships are the Foundation, Dealing with Defiance and Other Difficult Behavior, Nothing Works Without Sincere Empathy, Setting Limits While Minimizing Power Struggles, Supporting Learning and Achievement at School, and Empowering Them Toward Success in Life. Additionally, the Pupil Services Department has developed the ISANA Mental Health and Wellness

Curriculum. Through a series of classroom and school-wide guidance lesson and activities for students, families, and staff, we seek to strengthen the social-emotional competence of all stakeholders, giving them access to health and wellness tool to gain a sense of self-esteem and self-confidence; the ability to identify, express and regulate emotions; the ability to set and achieve goals; recognition of one's creatives skills; the ability to expand knowledge and skills; the ability to feel and show empathy for others; and the ability to create and maintain satisfying relationships.

- Coordination of Services Team (CoST) is the learning support umbrella structure that brings together all support service providers at a school site. It consists of a team of school staff members that meets on a regular (weekly or bi-weekly) basis to provide a systematic, preventative approach to student intervention. This process allows staff to: discuss student concerns (behavioral, social, learning, attendance, welfare) before they escalate; recommend tier 1-2 interventions prior to involving parents; provide support for classroom teachers; and regularly monitor student response to interventions.
- Use of Technology: One of our greatest successes is the use and implementation of technology into our curriculum. Technology is integrated into the curriculum for instructional delivery, for assessments such as online curriculum assessments and iReady, for teaching math skills through ST Math, and to maintain our student information system on PowerSchool. ISANA Octavia Academy currently has a 1-1 student-computer ratio. Teachers plan lessons that integrate technology with student projects. In addition, every classroom is equipped with a media cart which contains a document projector and LCD projector for instructional use. ISANA also uses PowerSchool as our student information system. Through PowerSchool, parents log into their child's grade-book at their convenience to monitor and track their child's attendance, meals, and academic progress. We will continue to develop our student-centered, inclusive technology program to improve learning outcomes by incorporating beneficial digital technology to prepare our students for the future. We will integrate technology such as live streaming media, virtual reality, robotics, computer coding, as well as other learning tools, e.g. immersive reader and voice recognition, to meet the needs of our diverse learners.
- Communication and Collaboration: Another success is systems of communication and collaboration with teachers and parents. Teachers feel supported by each other and work collaboratively to increase student achievement, as evidenced by a teacher retention rate of 96% this year. Teachers meet weekly in grade-level teams to analyze and disaggregate data, use the data to drive instruction, to share successful strategies, and to support each other. Teachers also communicate with parents on a regular basis regarding the academic progress of their child. At ISANA we believe in multiple ways and methods of communication. Conferences, classroom newsletters, emails, texting, and phone calls are just a few examples of communication methods between teachers and parents. PowerSchool is also another tool for communication with parents regarding their child's

academic progress. In addition, the administrative team has an open-door policy for teachers to address concerns and to offer support. ISANA will continue to hire credentialed teachers who have a commitment to and passion for working with students from underserved communities. ISANA’s in-seat student attendance rate of 95% is a testament to a school environment in which teachers genuinely care about each student and students in turn are motivated to come to school and learn.

- Data-driven instruction and a Data-driven culture – On a weekly and bi-monthly basis, teachers analyze curriculum, ST Math, and iReady Assessment results to identify student strengths and areas of need. This data is then used to guide lesson planning and design for the next week, or assessment period. “Data Chats” and transparent data conversations are held regularly with students, staff, families and the Governing Board.

ISANA Octavia Academy has fulfilled and continues to fulfill the mission set forth in our original charter petition: to provide a school where students will thrive in an atmosphere of high expectations and engaging curriculum with challenging learning activities.

2c) Success of the school’s educational program in meeting the needs of its student groups

English Learners - Several metrics show successful progress of ISANA Octavia Academy’s English Learners. The graphs below analyze Octavia’s metrics in reclassification rate, At-Risk English Learners, and Long-Term English Learners.

* Data taken from LAUSD ODA Data Set and CDE

Octavia’s reclassification rate has steadily increased over the current renewal term, going from 13.90% in 2015-16 to 21.20% in 2017-18 to 28.70% in 2018-19 (LAUSD Data Set), which is higher than the current Resident Schools Median.

Additionally, ISANA Octavia Academy in 2018-19 had a lower percentage of At-Risk English Learners at 10.60% than the Resident Schools at 13.60%, showing that English Learners are making progress towards reclassification.

Finally, for the fourth year in a row (all the years Long-Term English Learner (LTEL) data has been collected), ISANA Octavia Academy’s percentage of Long Term English Learners (LTELs) (7.10% in 2017-18) is at a rate significantly lower than the District (9.40%), County (12.10%), and State (14.70%) averages.

* Data taken from LAUSD ODA Data Set and CDE

African-American, Latino, and Socio-Economically Disadvantaged Students– ISANA teachers incorporate culturally responsive teaching and learning to tap into students’ prior knowledge and interests. In addition, teachers practice clear expectations, incorporate a variety of strategies and techniques to check for understanding, and deliver instruction in a variety of modalities to tailor learning for different learning styles. Teachers use data and assessments, formal and informal, to target student needs, create flexible grouping, and guide instruction. Teachers have also been trained in and incorporate Bloom’s Taxonomy and Webb’s Depths’ of Knowledge into classroom planning and instruction.

Students with Disabilities – Students with disabilities are provided services according to their IEPs. Teachers are trained in accommodations and modifications and provide accommodations during classroom instruction for students as needed and/or required. The school Resource Specialist Teacher provides a variety of support services such as consulting with classroom teachers, providing push-in and pull-out services, and team-teaching with general education teachers. ISANA has also implemented the learning center model in which both students with IEPs and general education students receive small group instruction from the Resource Specialist Teacher on an as-needed basis.

2d) Areas of challenge the school has experienced and how the school has improved and/or will improve in such areas

Although we are proud that all of our student groups, including English Learners, Hispanic/Latino, and Students with Disabilities, outperformed the Resident Schools median by a wide margin in both 2016-17 and 2017-18, we recognize that these three student groups dipped slightly in CAASPP between 2016-17 and 2017-18. We take this seriously and have already implemented structured plans to ensure that our English Learners, Hispanic/Latino students, and Students with Disabilities continue to show increases in academic performance. Our i-Ready data shows growth in these two student groups, a testament to the success of the implementation of these plans.

The plan to address these two student groups included the following reallocation of resources:

- We partnered with CAFE (California Association of Bilingual Education) to develop and provide professional development to teachers, instructional coaches, administrators, and academic interventionists that is focused on implementing a quality and effective ELD program. The partnership with CAFE has allowed Octavia to refine the implementation of integrated and designated ELD as well as monitor the effectiveness of its implementation through staff and grade level PD’s, monitoring of weekly lesson plans, coaching and co-teaching in the classroom as well as data analysis and standards mastery. Teachers were trained to use instructional strategies that support cooperative learning, accountable talk, academic discourse, vocabulary development, and higher order critical thinking skills throughout the day.
- We conducted professional development for teachers in Academic Teaming during Designated ELD. Across a grade level, a teacher could take on one of the ELD

Proficiency Levels (Emerging, Expanding, or Bridging) and all students from that proficiency level in the grade level would go to that teacher for Designated ELD. This allowed for expertise of teachers to develop and differentiated, targeted instruction to be given for all levels of students, including higher achievers. Time was given in weekly Professional Developments for teachers to plan these lessons and work collaboratively towards student progress.

- We have provided one certificated and two classified Academic Interventionists at Octavia, who provide targeted small group RTI Instruction in ELA and Math based on specific needs to students identified through the Coordination of Services Team (CoST) process.
- We purchased i-Ready, a computer-based program that provides a personalized path for each student using online tools and lessons based upon their areas of need in both ELA and mathematics. We chose i-Ready after an extensive comparative analysis and pilot of programs in 2017-18 because it was research-based, had a track record of predicting how well students would score on the SBAC, and provided the targeted, differentiated assessment and instruction we were looking for. i-Ready allows educators to pinpoint students' strengths and knowledge gaps, monitor student growth, make informed instruction decisions, and design individualized instruction based on students' unique needs.
- We acquired 120 additional computers for our classrooms to help further integrate technology into the curriculum. This not only helped strengthen, deepen, and broaden learning for students, it also better prepared students for the computer-based CAASPP.
- We implemented the Constructive Conversations Language Development Reflection Rubric as both a tool for teachers to use for guidance in developing Designated and Integrated ELD lessons that target the language needs of students, as well as a tool for school leadership and administrators to monitor the implementation of effective English Learner strategies.
- Along with the ELA curriculum, teachers in 3rd -8th grade have developed Novel Study Units in which students are able to dive deeper into, for example, character and plot analysis, build stamina and apply reading comprehension skills using authentic text.
- Math curriculum- *enVisionmath2.0* Common Core is a comprehensive mathematics curriculum for Grades K-5 and Digits for 6-8. It offers the flexibility of print, digital, or blended instruction and provides the focus, coherence, and rigor of the Common Core State Standards. Teachers utilize project-based learning, visual learning strategies, and extensive customization options to meet the academic needs of each student. *enVisionmath2.0* is organized into clusters of connected topics and lessons. Students learn to see relationships, ask questions, and try different approaches through problem-based activities that establish student engagement in productive struggles to build higher order critical thinking skills.

- Cognitively Guided Instruction (CGI) is an approach to teaching mathematics that builds on children's natural problem-solving strategies. The goal is to move students through a hierarchy of cognitive development (e.g. direct modeling, counting strategies, derived facts, and algorithm /recalled number facts) through the use of a variety of strategies. The benefit of using the CGI approach, are that teachers gain understanding of students' cognitive abilities, students learn a variety of problem-solving strategies from other students, and students are actively engaged in exploring various strategies. Teachers use story problems to further mastery of a concept or math topic. Further, rather than teachers telling students how to solve these problems, they give students the space and time to do so and encourage students to use any math models, strategies, or tools they want, in a way that makes sense to them and allows them to explain or show another student/class/teacher. During a CGI problem-solving lesson, students are engaged in unpacking word-problems, exploring existing strategies, considering alternative strategies, connecting thinking to symbolic notation, and relating problems; rather than relying solely on a teacher's explanations and demonstrations to teach a concept or skill. This reverses the traditional order and role of math instruction.
- Resource Support Program (RSP) teachers providing small group or individualized instruction to work on academic goals. Some students receive this support within their classroom using a co-teaching model; other students receive this support in the Learning Center. Students who display significant academic needs receive support from an academic aide within their general education classroom. This aide helps to ensure that all instructional accommodations are provided to the student such as: reading the text aloud to the student(s), prompting, redirecting, scribing, more time to complete work and reduced questions. Some specific interventions include: Read Naturally, Reading A-Z, CABE and IXL. In 2018-19, Octavia increased the number of Special Ed Paraprofessionals to provide more targeted support within the classroom to Students with Disabilities. These interventions have proven to be successful by increasing reading fluency and comprehension, as well as improving math performance on academic goals. Students are using the strategies that they have learned in the Learning Center while in the general education classroom. When we look at the progress reporting of academic IEP goals, most students are meeting their objectives and annual goals, which suggests that students are making meaningful progress.

The supports and strategies above are in addition to the numerous services and supports that all ISANA Octavia Academy students receive. For example, all students, including those achieving below grade level, receive a combination of differentiated instruction, and small group interventions within the classroom. We also offer a robust afterschool program to students free of charge that is full of enrichment activities that supplement classroom instruction and support our students' cognitive and emotional development.

The changes implemented above have resulted in gains in the three student groups mentioned above. We have incorporated iReady for Internal Data to supplement the curriculum and assess

student learning. iReady is a computer-based program that provides a personalized path for each student using online tools and lessons based upon their areas of need in both ELA and mathematics. It is research-based, has a track record of predicting how well students would score on the SBAC, and provides targeted, differentiated assessment and instructional resources for teachers. At the end of the year we analyze student growth measures to measure students' progress. In 2017-18, 52% of ISANA Octavia Academy's English Learners made their typical growth goal, 60% of Octavia's Hispanic/Latino students made their typical growth goal, and 61% of Octavia's Students with Disabilities made their typical growth goal.

In addition to academic achievement, we are also extremely proud of the steps we have taken to create a positive school climate and reduce our suspension rate. Octavia has experienced a continuous decline in its suspension rate over the charter term: 1.90% in 2015-16 to 0.20% in the current school year. This all-time low is due to the school climate and system of positive discipline described below. On the California Dashboard, ISANA Octavia Academy received the highest rating of Blue in the Suspension Rate domain, which reflects the school's intentional effort to address factors leading to suspension in a way that effectively reduced the suspension rate.

To maintain these decreased suspension rates, ISANA Octavia Academy has focused on additional behavioral supports and interventions and alternatives to suspension for students. These interventions included:

- Individual and small group counseling sessions that cover such topics as Friendship, Social Skills, Anger/Coping, and Mindfulness
- Push-In/Classroom Peace Circles covering issues like Bullying and Harassment, Peer Conflict, Suicide Ideation
- Restorative Circles focusing on Positive Peer Communication, Responsibility, and Repairing Harm
- Mentoring for potentially at-risk youth to teach skills and strategies that are necessary for success in life
- Staff professional development centered positive behavior intervention, trauma-informed practices, growth mindset, and Love and Logic

Additionally, the school counselor collaborates with classroom teachers to develop Behavioral Support Plans and monitor student behavior to proactively address adverse behaviors that could

lead to suspension. Individual counseling referrals for behavioral issues in the classroom are made through CoST. Through guided lessons, school counselors and classroom teachers instruct students on how to successfully demonstrate behaviors that are aligned to the school and classroom behavioral expectations. When it has been determined that students are not meeting the expectations, school counselors and teachers may work with students to create individualized behavior plans that are communicated to parents/guardians to ensure a holistic approach to establishing a positive school culture and climate, further additional behavioral supports include the school counselor collaborating with the classroom teacher to conduct age-appropriate guidance lessons that target specific areas of misconduct. As with core subjects, instruction is differentiated and student comprehension is assessed. For students whose misconduct has escalated, measures are taken to provide individualized plans which may include behavioral supports and strategies, individualized rewards plans, and fostering self-regulatory/advocacy practices.

Members of ISANA Octavia Academy's leadership team traveled to Breckenridge, Colorado to attend the Love and Logic Educator and Parent Conference in June 2018. The courses offered during this conference focused on dealing with students with challenging pasts. From there, the team developed the 2018-2019 SWPBIS Implementation Plan, which included expanding the professional development reach to include classified staff. Classified staff members have a great deal of interaction with our students. Therefore, their knowledge of Love and Logic techniques and positive behavior intervention supports is critical to establishing positive school culture and effective discipline practices.

ISANA Octavia Academy certificated and classified staff participated in professional development centered on trauma-informed instruction and practices. This made good on our commitment to create communities of learning wherein the dignity of our students is preserved and all stakeholders are empowered to continue to a positive school culture. To further this effort and bring families into the knowledge of how we care for our students, ISANA Octavia Academy offered Love and Logic to parents. More than forty parents/caregivers attended this training. More of these trainings will take place throughout the school year and in the future.

The abovementioned strategies have combined to produce a positive culture at ISANA Octavia Academy, which has resulted in the significant decrease of our suspension rate over the charter term.

Finally, the governing board of ISANA Octavia Academy has made strategic decisions over the course of this charter term in order to set ISANA Octavia Academy up for continued success. The governing board consists of educators and leaders with over three decades of combined years of experience in the K-12 setting. Sound decisions that affect the educational program at ISANA are based on first-hand experiences in education as classroom teachers, coordinators and administrators. In addition, ISANA board members also have legal and business experience and make sound legal and business decisions for the school. Specifically, the ISANA board has made decisions that contribute to ISANA's success in the following ways:

- **Teacher Recruitment** – Our teacher salaries are competitive with LAUSD’s salary table. This allows us to selectively recruit qualified candidates. Qualified teachers are recruited through various search methods, such as EdJoin and partnerships with Schools of Education at local universities such as Pepperdine University, University of Southern California, University of California Los Angeles, Occidental College, California State University Los Angeles, and California State University Dominguez Hills.
- **Salary, benefits, and class size** – In the midst of rising insurance costs, the ISANA board maintained ISANA’s benefits package, maintained small class sizes, and has developed the ISANA Educator Effectiveness Plan to define and reward highly effective educators. This has had a significant positive impact on teacher retention, staff morale, and maintaining small classroom learning environments.
- **Meal Program** – The ISANA board has approved our meal policy where all students, regardless of free or reduced lunch status, are fed breakfast and/or lunch to ensure that hunger is not an obstacle to learning.
- **Reallocation of Resources** – The ISANA board members exemplify their commitment to academic excellence through their decision to reallocate and prioritize resources. A few examples are as follows:
 - Increasing the allocation for technology (laptop purchase, technology infrastructure)
 - Reallocating resources for professional development for all staff (for the Professional Development Conference)

Since 2010, ISANA Octavia Academy has increased the achievement of at-risk students. This has benefited the District in serving their at-risk students, as many of our students come from Resident Schools within LAUSD. Long-term, the District is benefited by ISANA’s commitment to academic excellence and high expectations, as we do not have a high school and many of our students who culminate in the 8th grade matriculate into LAUSD high schools. The students from ISANA entering into LAUSD high schools will be well-prepared for high school A-G requirements and college preparatory classes.

Through ISANA, the Jefferson Park/Crenshaw Community has gained a community partner to educate their children, hold neighborhood council meetings, and host community events where parents, students, and staff members volunteer to feed families in need. Many of our parents refer to ISANA as their “second home.” Parents volunteer on a daily basis and many express their appreciation for the opportunity to be an active participant in their children’s education.

Students who attend ISANA have an opportunity to be challenged in an environment where high expectations and academic excellence are non-negotiable. Students benefit from a small, safe school environment in which a respect for each other and each other’s differences prevail. Students

who attend ISANA benefit from an environment where parents and teachers work in partnership to meet student achievement goals.

Student Population To Be Served

3. Charter School’s Target Population

ISANA Octavia Academy will serve students in TK-8th grade. Enrollment in July 2020 is expected to be 520 students in transitional kindergarten through eighth grade. Class size will be 20 students in grades TK through third and 25 students in grades fourth through eight. The community surrounding ISANA Octavia Academy has been growing rapidly and is highly impacted. More than 80% of the community’s students qualify for the free or reduced lunch program; and at least 16% of children are English Learners (Data from LAUSD Data Set). The community is predominantly Latino and Filipino. Most of the children in the community attend the following schools: Fletcher Drive Elementary, Irving Middle School, Glassell Park Elementary, Atwater Elementary, and Allesandro Elementary.

Goals and Philosophy

5. Mission and Vision Statement

Mission

The mission of ISANA Octavia Academy (IOA) is to provide a school where students will thrive in an atmosphere of high expectations and engaging curriculum with challenging learning activities.

Vision

ISANA Octavia Academy will be a community of diverse individuals where students will develop their intellectual, artistic, and physical talents to the highest degree. Our vision encompasses five critical focus areas that affect the school community:

Academic Excellence

Our academic program will challenge the intellect and maximize the potential of each student to acquire knowledge, concepts, and skills necessary to become thinking, productive, responsible citizens. Excellence in academics results in a love of lifelong learning and supportive, involved community.

Mutual Respect

ISANA Octavia Academy will foster a culture of mutual respect that builds trust and engages students in learning.

Qualified Teachers and Paraprofessionals

Teachers and paraprofessionals will meet all state certification and licensure requirements.

Parental Investment and Community Involvement

Parents want the best for their children and share in the responsibility and the process of educating their children. These involved parents will serve as catalysts to students' success.

Respect and Diversity

ISANA Octavia Academy will be an inclusive community in which people from different cultural, ethnic, racial, and religious backgrounds learn, live, and work harmoniously with mutual respect, without compromising their beliefs and their identities. We will champion the cause of excellence and equity.

Distinguishing Features of ISANA Octavia Academy

High Expectations

All students of ISANA Octavia Academy work toward meeting or exceed the grade level content standards. We believe in setting high standards and supporting students to meet them.

Block Scheduling

Our block scheduling strategy in the upper grades provides extended class periods that provide teachers with the time necessary for in-depth lessons and experiential learning. These arrangements permit more time for tutoring and intensive projects, facilitate enrichment, and allow lagging students to catch up and advanced students to delve into topics more deeply.

Academic Teaming

Our academic teaming program organizes groups of teachers across grade levels and departments, so that teachers share the same students rather than the same subject. Teaming will link teachers, who teach different subjects and grades, in a team that shares responsibility for the curriculum, instruction, evaluation, and scheduling and discipline of a group of 80-100 students. By creating a learning team we seek to personalize the learning environment by providing an integrated view of students' progress and creating a group of teachers who can focus together on the whole student. Our teachers work in small collaborative teams with common planning time where teachers review weekly assessment data, reflect on the data, and develop effective strategies to address the needs presented by the data. Accountability for student success is a shared responsibility.

Parent Participation

We include parents and families as an integral part of the day-to-day operations of the school. Through the school's PTO and site-based decision-making team, parents will work alongside school staff to set policy, raise funds, administer programs, and organize events. Parents are invited into the school to volunteer. Monthly parent meetings are held where parents are trained on using technology to support their child's academic success, understanding their child's assessment data, and advancing their parenting skills.

Extended Learning Time

All students are provided a structured system of extra help and extra time to enable students who may lack adequate preparation to complete an accelerated program of study that includes high-level academic content. Students enrolled at ISANA Octavia Academy are provided an opportunity to participate in the Expanded Learning Program, which operates daily from 2:45pm – 6:00pm each day that school is in session. The Expanded Learning classes are aligned to day school instruction and provides homework assistance, standards aligned academic enrichment, social and emotional enrichment, and physical enrichment. Students in the Expanded Learning program will also be provided with additional opportunities to continue to work on technology programs such as ST MATH and i-Ready while participating in collaborative learning opportunities that focus on STEAM, Literacy, and College & Career Development.

Student Assessment

ISANA Octavia Academy use a variety of strategies for student assessment and program evaluation in order to continuously improve the school climate, organization, management, curricula, learning, and instruction. Students are assessed using curriculum-based assessments, weekly internet-based assessments, and diagnostic assessments given every two months. Parents have access to their child's assessment information through parent meetings and the internet.

Serving Students with Special Needs

ISANA Octavia Academy creates an inclusive school environment where the learning needs of our diverse student population are adequately met. If a student is identified as potentially having special needs, the plan for Students at Risk of Retention, English Learner Students, and/or Special Education will be implemented. ISANA Octavia Academy recognizes that students who are gifted and talented also have special needs and will provide appropriate identification and instructional strategies to meet their needs.

Technology Integration

Students and teachers have access to technology so that it can be used effectively in student learning, classroom instruction, data management and communication. The school integrates electronic assessment and electronic student portfolios that provide immediate access to student progress data for teachers, students and their parents. Parents have access to their child's grades, attendance information, and meal participation via the internet. Parents also have access to a companion portal easily accessible from home to assist their child with learning grade-level content standards.

Superior Leadership

The success of the school is dependent on the role that leadership plays inside and outside the classroom. All stakeholders will be afforded the opportunity to participate in leadership training and responsibilities. The leaders of ISANA Octavia Academy are responsible for the implementation of the school's mission and vision and carry out their duties in a professional, responsible and ethical manner. Among other things, the leadership carry out the following:

- They use their influence and authority for the primary purpose of increasing student achievement and success.
- They effectively communicate and engage stakeholders in the vision and mission of the school.
- They generate and sustain a school culture conducive to student learning, staff professional growth and parent involvement.
- They regularly monitor and evaluate the success of the school's program.

9. Enabling Students to Become and Remain Self-Motivated, Competent, and Lifelong Learners

The strategies used in ISANA’s rigorous standards-based curriculum program design translate into students becoming self-motivated, competent, and lifelong learners. These strategies include:

- Data chats that students complete after each diagnostic
- Individualized and small group instruction to target specific skills for improvement
- i-Ready-Students are able to complete lessons based upon their individualized diagnostic results along with completing lessons and assessments to move to the next level.
- Incentives build into i-Ready-certificates, stickers, characters from i-Ready visiting campuses during assemblies
- School-wide incentives-Raffles, Assemblies, Recognitions, Parent meetings, Students featured on school’s bulletin boards.
- Class-wide incentives-Student of the Week, Student of the Month, Data Walls (i.e. attendance, most improved, completion of work, scores on tests), Student Work Samples, Pictures of students, class Do-Joe, stickers, rewards, etc.
- Socio-Emotional-Positive affirmations, high-five’s, praise, words of encouragement, greetings at valet, greetings in hallways, teacher welcoming students at the door, posted

In addition, ISANA Octavia Academy integrates core content areas throughout the instructional program through the use of project-based learning and technology. The strategies used will include, but will not be limited to:

1. Individual student writing portfolios are used at all grade levels to promote individualized writing skills and to develop student writing styles.
2. Through Project Based Learning students learn how to conduct research based on inquiry questions and learn to use problem solving skills to find answers to questions.
3. Multimedia and computers are used in the classrooms by students to test their skills and apply them to real world problems. Students also use laptops to conduct research and to assess their mastery of state content standards and Common Core state standards.

Instructional Design

10. Overall Curricular and Instructional Design

The overall curricular and instructional design and structure at ISANA is based on the tenants of Principals of Learning and Culturally Relevant Pedagogy, and will be implemented through a Project Based Learning Model. Below is a discussion of key educational theories and research that support and inform the general design of the educational program, and how it successfully serves our targeted student population. A more detailed description of these practices can be found below.

Principles of Learning

In School Districts in which professional development around Principles of Learning has been implemented, there has been shown to be a correlation to increased academic achievement of students. One study focused on third and fourth grades in 49 schools in 3 districts across the country. All schools served large percentages of what the article refers to as “economically and educationally disadvantaged students.” The study found that principals who received more professional development on Principles of Learning were more actively involved in their teachers’ professional development, which correlated with higher quality instruction, which correlated with higher student academic achievement. Research source: “Instructional Leadership, Teaching Quality, and Student Achievement: Suggestive Evidence from Three Urban School Districts” in the *MDRC*, and available at http://www.mdrc.org/sites/default/files/full_406.pdf.

Culturally Relevant and Responsive Education (CRRE)

In her 2018 research, Dr. Beth Tarasawa described how the increasing percentages of students of color in American schools are not being reflected in similar increasing percentages of teachers of color. She found that culturally responsive teaching served to “strengthen student-teacher relationships and improve student achievement.” In particular, she noted the following three research-based strategies as having the most impact on ensuring the academic needs of students of color were met. These three strategies include: 1) Gaining an understanding of cultural differences that impact the lives and learning of students. 2) Walking into the neighborhood where students live, striving to see the strengths of these communities. 3) Valuing the students’ culture, heritage, and experiences. Bringing this information to life in the classroom. Research source: “Three Research-based Culturally Responsive Teaching Strategies” in the *NWEA*, and available at <https://www.nwea.org/blog/2018/three-research-based-culturally-responsive-teaching-strategies/>

Project Based Learning

In 2007, the Center for Research in Educational Policy at the University of Memphis and University of Tennessee at Knoxville conducted an investigation into schools and districts implementing project-based learning (PBL). They investigated test scores at 358 schools in 17

states that have been implementing PBL for the past five years. The highlights of the study are as follows:

The study conducted in 2007 described above shows the effectiveness of project-based learning (PBL) as demonstrated by test scores. Over the course of three years, the implementation of project-based learning resulted in increasing percentages of proficient students at the Denver School District, Knoxville School District, and the Trenton School District. In addition, Geier et al (2008) reports findings that PBL is more effective than traditional instruction as measured by standardized tests scores and his team found that PBL is more effective in increasing student achievement among historically underserved urban students. Research source: “Standardized test outcomes for students engaged in inquiry-based science curricula in the context of urban reform” in the Robert Geier, Standardized test outcomes for students engaged in inquiry-based science curricula in the context of urban reform, *Journal of Research in Science Teaching*, vol. 45, issue 8, pp. 922-939. 2008.

In 2017, Barbara Condliff synthesized research over the past seventeen years and found that schools using Project Based Learning report “positive effects on students’ engagement, motivation, and beliefs in their own efficacy,” and in particular found benefits of using PBL in the social studies and science classrooms. When PBL was used effectively by teachers, Condliff found that PBL goals seemed “well aligned” with “the new focus on higher-level thinking skills and socioemotional competencies.” Research source: “Project-Based Learning: A Literature Review” in the *MDRC*, and available at https://www.mdrc.org/sites/default/files/Project-Based_Learning-LitRev_Final.pdf.

Principles of Learning, Project Based Learning and Culturally Relevant and Responsive Education successfully support our targeted student population. In their study, Kanter and Konstantopoulos (2010) found that the extent of teacher knowledge of the content combined with the frequency with which project based learning in combination with culturally relevant strategies were used led to a positive impact on both the achievement of urban students as well as their attitudes towards science and college and career plans. Research source: “The Impact of a Project-Based Science Curriculum on Minority Student Achievement, Attitudes, and Careers: The Effects of Teacher Content and Pedagogical Content Knowledge and Inquiry-Based Practices” in the *Wiley Online Library*, vol 94, issue 5, published online 1 March 2010 and <http://onlinelibrary.wiley.com/doi/10.1002/sce.20391/abstract>.

In order to staff the educational program to most effectively deliver this instructional design, ISANA hires Instructional Coaches. The Instructional Coaches’ primary responsibility will be to increase academic student achievement by supporting and mentoring teachers. The Instructional Coaches will be in the teachers’ classrooms daily, conducting observations, performing model demo lessons, and teach teaching, in order to monitor the instructional methods being used by teachers. The Instructional Coaches will also provide professional development during weekly staff meetings and during pupil-free professional development days. The Instructional Coaches will also meet weekly with grade-level teams to analyze assessment data and provide support in using the data to guide instruction. Through these daily interactions with teachers and through grade-level team meetings, the Instructional Coaches will gather data which informs and drives

teacher professional development. The Principal and Instructional Coaches will meet weekly to review and analyze assessment data and classroom observations. The Principal and Instructional Coaches will then strategize and plan for professional development and grade level team meetings based on this data.

Curriculum and Instruction

11. Charter School's Curriculum

ISANA Octavia Academy uses the California Common Core State Standards and the California Content Standards to align the curriculum, assess and monitor student progress, design systematic support and intervention programs, and encourage parent investment and community involvement.

After enrollment, all students are assessed in English Language Arts and Mathematics to identify opportunities for support and/or enrichment. Additionally, student assessments throughout the school year are formative and summative such as: (1) state-mandated standardized tests, (2) school-designed tests using school generated rubrics based on state standards, (3) portfolios, (4) exhibits, and (5) publisher-developed assignments and tests. The Smarter Balanced Assessment is the primary summative assessment utilized by ISANA Octavia Academy.

Teachers use the following instructional techniques to teach students the subject matter set forth in the standards: direct/explicit instruction, small group instruction, knowledge-based learning, cognitively-guided instruction, project and inquiry-based learning, progressive, or other methods. These techniques are utilized in the four core areas.

English Language Arts (Core)

In keeping with the intent of the standards, the ultimate goal of the program is to ensure literacy across the curriculum and develop students into life-long learners with “the skills and knowledge necessary to be ready to assume their position in our global economy”. With this end in mind, ELA standards will be woven throughout instruction in other subject areas. Students will spend a significant amount of time independently reading or writing and will be guided in developing the monitoring skills and stamina to make this time productive. Teachers will conference with individual students and pull strategic groups during independent reading and writing periods, allowing for differentiated instruction through strategy, skill, and content. Additionally, students learn standard English convention and other literacy skills through, for example, reading and writing workshops.

Time spent on foundational skills is longer in TK/K-1st, and then decreases and becomes more differentiated in 2nd and 3rd grades. Foundational skills instruction includes systematic instruction in a sequence of phonics elements, beginning with letter recognition and letter/sound correspondence and moving through decoding and encoding with all English sound/spelling correspondences. Grade-level appropriate high frequency words are introduced and practiced

during this time, and added to a bank of words (displayed on word walls and/or kept by students on word rings or personal dictionaries) that students are accountable for recognizing automatically in their reading and spelling correctly in their writing. Fluency is also explicitly taught and practiced during this time, and small group instruction is used at all grade levels to ensure students receive the amount and level of foundational skills instruction appropriate for them.

English Language Development (Non-Core)

English Language Development instruction at ISANA Octavia Academy will be based on the California English Language Development Standards. Students identified as English Learners in each grade level will be assigned a proficiency level (as determined by the English Language Proficiency Assessments for California (ELPAC)). Students will then receive both designated and integrated ELD instruction designed to build on the skills demonstrated by students at the respective proficiency level and to help them progress to the next level.

- Designated ELD Instruction
 - EL students spend at least 30 minutes each day on designated instruction, which may build on previous EL instruction or use content areas such as science or history as a context, focuses explicitly on new language skills based on the ELD Standards for the appropriate grade/level. Students are grouped by proficiency level at this time, facilitated by the classroom teacher.
 - Integrated ELD Instruction
 - Integrated ELD instruction occurs daily and throughout instruction for various content areas. Teachers received training on ELD standards and proficiency levels and, guided by these, identify, teach, and apply scaffolds related to the language requirements inherent in their content areas. Integrated ELD instruction is evident throughout the day as teachers employ strategies such as sentence frames, graphic organizers, and use of visuals.

During both integrated and designated ELD, there will be a focus on active student engagement and oral academic vocabulary by implementing specific instructional strategies that create opportunities for meaningful student interaction and academic discourse and higher order critical thinking.

Mathematics (Core)

Teachers provide math instruction that will be aligned with the California Common Core State Standards (CCSS) for Mathematics. Lessons will emphasize conceptual understanding, procedural skill and fluency, and application of concepts in real-world, problem-solving situations to address rigor as defined in the CA CCSS. Throughout all grade levels, content instruction will be keyed to the Standards of Mathematical Practice and teachers will provide instruction that builds in numerous instructional opportunities to help students develop proficiency in these practices. Additionally, students will:

- Gain a conceptual understanding of mathematical practices.
- Integrate literacy standards daily as they make sense of problems and proceed in solving them.

- Utilize writing, reading, and collaborative listening and speaking opportunities with classmates to comprehend, plan, solve, and justify their solutions.
- Contextualize problems in the real world and justify solutions through informed explanations and critiques within the class.
- Develop fluency in basic computational skills and procedural skills.
- Develop an understanding of mathematical concepts.
- Recognize and solve routine problems readily and find ways to reach a solution or goal where no routine path is apparent.
- Communicate precisely about quantities, logical relationships, and unknown values using signs, symbols, models, graphs, and mathematical terms.
- Reason mathematically by gathering data, analyzing evidence, and building arguments to support or refute hypotheses.
- Connect mathematical ideas and make connections between mathematics and other disciplines.
- Apply mathematics to everyday life and develop an interest in pursuing advanced studies in mathematics and in a wide array of mathematically related career choices.
- Develop an appreciation for the beauty and power of mathematics.

History / Social Science (Core)

History and Social Sciences are instructed according to the California History Social Science standards. Students will acquire core knowledge in history and social science while they develop critical thinking skills such as chronological and spatial thinking, research, evidence, point of view and historical interpretation, to study the past and its relationship to the present. Students will also learn to distinguish the important from the unimportant, to recognize vital connections between the present and the past, and to appreciate universal historical themes and dilemmas.

Students will use biographies, original documents, diaries, letters, legends, speeches, and other narrative artifacts from our past (found in archives, museums, historical sites and libraries) to understand historical events by revealing the ideas, values, fears, and dreams of the people associated with them.

Through the mastery of the standards, students will know the facts and understand common and complex themes throughout history, making connections among their own lives, the lives of the people who came before them, and the lives of those to come.

The following strands represent the major themes to be addressed in each grade level:

TK/K – Living and Working Now and Long Ago

1 – A Child’s Place in Time and Space

2 – People Who Make a Difference

3 – Continuity and Change

4 – California: A Changing State

- 5 – United States History and Geography: Making a New Nation
- 6- World History and Geography: Ancient Civilizations
- 7- World History and Geography: Medieval and Early Modern Times
- 8- United States History and Geography: Growth and Conflict

Science (Core)

Science instruction at ISANA Octavia Academy is based on the Next Generation Science Standards (NGSS). Similar to the way that key concepts are reinforced and increasing in complexity throughout grade levels and the Standards for Mathematical Practice provide a logical pathway of mathematical learning, the NGSS are organized around three interconnected dimensions of science learning that serve as a tool for vertical articulation and cohesion. In each science unit at each grade level, students learn core content ideas in physical, earth/space and life science and in engineering, develop an understanding of cross-cutting concepts (e.g. cause and effect, systems and component parts) that transcend topics, and learn and apply science and engineering practices. Cross-cutting concepts and science and engineering practices related to core ideas will also be identified. Lessons and units will follow the “5 E’s” sequence (Engage, Explore, Explain, Elaborate and Evaluate).

In alignment with the NGSS, science instruction has made a shift from the scientific method and toward the practice of science. Science as a practice emphasizes the idea that scientific investigation requires that students apply ideas and knowledge rather than just following a step-by-step method (i.e. the scientific method). This also implies that carrying out investigations may require "practice" and multiple attempts at one's project or study. In this way, students begin to understand that the process of science is not always step-by-step and rather an opportunity to engage in science in a way that is more like the behavior that scientists engage in, and how scientists think and conduct science research. Furthermore, students must now apply their skills, analysis and interpretation in the entire process.

Visual and Performing Arts (Core)

Students will interact with visual and performing arts through five strands: artistic perception; creative expression; historical and cultural context; aesthetic valuing; and connections, relations, and applications. The arts contain a distinct body of knowledge and skills. Academic rigor is a basic characteristic of a comprehensive education in the arts, including the following:

- Learning through active practice, rehearsal, and performance of works in the arts
- Reading about the arts and artists
- Researching, writing, and communicating about the arts
- Reflecting on the arts in a thoughtful essay or journal writing on one’s observations, feelings, and ideas about the arts
- Participating in arts criticism based upon observation, knowledge, and criteria

Another important goal of the standards is to help students make connections between concepts in all areas of the arts and across subject areas. The fifth strand in these standards requires the student to connect and apply what is learned in the arts to other art forms and subject areas and to careers. The arts standards respect the multiplicity of cultures represented in California schools. They allow students to experience the arts from the perspectives of American culture and worldwide ethnic, racial, religious, and cultural groups.

Health and Physical Education (Non-Core)

Classroom teachers incorporate health instruction into core content areas during the regular school day. Health instruction is planned using the California 2008 Health Education Content Standards. In accordance with our Wellness Policy, ISANA's nutrition education and physical education programs are based on research, consistent with the expectations established in the state's curriculum framework and designed to build the skills and knowledge that all students need to maintain a healthy lifestyle. Nutrition education is provided as part of the health education program in Grades TK-8 and, as appropriate, the education is integrated into core academic subjects and included in after-school programs.

High-quality physical education instruction contributes to good health, develops fundamental and advanced motor skills, improves students' self-confidence, and provides opportunities for increased levels of physical fitness that are associated with high academic achievement. All TK-8 students will be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity are provided through physical education and well as through participation in ISANA's performing arts program. For all grades, physical fitness standards not covered during performing arts instruction will be clearly identified. Elementary teachers are responsible for covering these standards with their students. In elementary school students will focus on the way in which they move through space and time in their environment, the way in which they move in space together with a partner, the continuity and change in movement, the manipulation of objects in time and through space, and the manipulation of objects with accuracy and speed. Beginning in kindergarten, topics such as nutrition, diet, healthy choices, interpersonal relationships and conflict resolution are introduced and are built upon at each grade level. Students might learn about nutritional guidelines and the different nutritional values of food while studying needs and wants in social studies (2nd grade) or while studying the elements and compounds present in the human body (5th grade). In middle school, students will be working cooperatively to achieve a common goal, meeting challenges, making decisions, and working as a team to solve problems. Socio emotional well-being and conflict resolution skills are built through the school's character values and positive discipline program.

Technology (Non-Core)

ISANA Octavia Academy students at all grade levels will use technology to build and enhance communication, research and problem-solving skills, and to connect the school community with people and information. For younger students, technology instruction is integrated into subject areas and students use technology to, for example, create simple presentations, search for basic images, and interact with text through e-book programs such as Reading A-Z and EPIC!

Students in upper grades may use technology to create and edit videos or choose between different or more innovative programs for creating a presentation.

The school will maintain at least a 2:1 student to computer ratio in order to ensure that students have access to technology for sufficient amounts of time to allow them both to learn new skills/programs and to apply their knowledge while integrating technology use into various subject areas. The school will also maintain mobile laptop labs in locked carts to ensure that all students have access to laptops for technology instruction. The school will provide students with safe and secure internet access for learning.

Innovative Curricular Components of the Educational Program

- Professional Communities through Academic Teaming - Our academic teaming program organizes groups of teachers across grade levels 6, 7, and 8 and departments (English, Math, Science, Social Studies, Art and P.E.) so that teachers share the same students rather than the same subject. Teaming links middle school teachers, who teach different subjects and grades, in a team that shares responsibility for the curriculum, instruction, evaluation, and scheduling and discipline of a group of 80-100 students. By creating a learning team we seek to personalize the learning environment by providing an integrated view of students' progress and creating a group of teachers who can focus together on the whole student. Our teachers work in small collaborative teams with common planning time (after school for a 1-hour block of time in addition to the weekly staff meetings) where lessons will be studied as a learning community and where accountability for student success will be a shared responsibility. Weekly assessment data will be reviewed and analyzed, and action plans will be created to strategically target students not demonstrating proficiency.
- All teachers work in small collaborative teams where lessons are studied as a learning community and where accountability for student success is a shared responsibility. At grades TK through 6 (self-contained) teachers meet weekly in grade-level teams to review weekly assessment data and strategically plan lessons for the upcoming week to re-teach students not demonstrating proficiency. Teachers of grades 6 through 8 who participate in the block scheduling at ISANA Octavia Academy will meet as a team across grade levels 6,7,and 8 and departments (English, Math, Science, Social Studies, Art and P.E.) so that teachers share the same students rather than the same subject. We recruit qualified new and experienced credentialed or university intern teachers who fully meet state certification and licensure requirements and are committed to our core values and beliefs.
- Performing Arts Program and Expanded Learning Program: These two are described in the next section.

Intervention Programs and Enrichment

Coordination of Services Team (CoST) is the learning support umbrella structure that brings together all support service providers at a school site. It consists of a team of school staff members that meets on a regular (weekly or bi-weekly) basis to provide a systematic, preventative approach to student intervention. This process allows staff to: discuss student concerns (behavioral, social,

learning, attendance, welfare) before they escalate; recommend tier 1-2 interventions prior to involving parents; provide support for classroom teachers; and regularly monitor student response to interventions.

Student Success Progress Team (SSPT) is a team consisting of school staff members and the parent or guardian of the student being referred that meets to discuss student strengths and needs. The team is responsible for developing a support plan, meeting six to eight weeks following the first meeting to check student progress towards the support plan, and make any necessary changes to the support plan to ensure greater success. A support plan consists of a summary of demonstrated behaviors by student that necessitates this degree of support; summary of any actions already taken by teacher, parent, or other staff to address the needs of the student; description of new actions to be taken in order to address the specific situation; and a one-page agreement, to be agreed upon and signed by all concerned parties.

Through the school's pre-referral procedures, students may receive Tier 1 or Tier 2 interventions as determined by the Coordination of Services Team or Student Success Progress Team based on students' needs.

Response to Intervention (RTI): Through the CoST and SSPT pre-referral process students may access Response to Intervention (RTI) services in areas of concern such as: academics, social, and behavioral. Response to Intervention provides staff with a multi-tiered approach to early identification and support of students with learning and behavior needs. At ISANA, RTI begins with high-quality classroom instruction for all students. Ongoing student assessment serves as a tool for universal screening and progress monitoring. Data collected through student assessments is used to determine student needs and to make referral decisions. A multi-tiered approach is used to differentiate instruction for all students. Within Tier 1, all students receive high-quality instruction and differentiation from the classroom teacher. Students not making adequate progress with Tier 1 supports are then provided with increasingly intensive instruction that is matched to the students' specific needs. Tier 2 intervention services are targeted to specific student needs and may include supports such as: small group instruction, academic support within learning center, tutoring, social skills groups, and behavior support plan. Tier 3 intervention supports are intensive and require comprehensive evaluation. Students that do not make adequate progress through Tier 1 and Tier 2 supports may be referred to a comprehensive evaluation and considered for eligibility for special education services. Students qualifying for Tier 3 supports may then receive individualized, intensive interventions that target specific student skill deficits.

The Expanded Learning After School Program is available to all ISANA students. The EXL Program's core components are Homework Assistance, Academic Enrichment, Social Enrichment, Physical & Health Enrichment, Literacy, STEM, and Career Development. In addition to providing a safe and supportive environment for homework completion, The EXL Program aligns itself to day school pacing guides and common core standards to offer an extension to day school instruction that is collaborative and engaging. During Social Enrichment students

are exposed to programs such as Kidsmartz, Netsmartz, Every Monday Matters, Scrabble, Clever Crazes and a variety of ISANA created social emotional activities designed to facilitate healthy moral development. The implementation of programs such as Speed Stacks, US Soccer Foundation, BOK Kids, and CATCH curriculum ensure that students receive a rigorous and structured physical and health enrichment experience. In addition to the core components, each student participates in the EXL Reader's Theater program, a series of weekly book clubs that culminate in a student created and produced performance, Fun Friday Science Club, which is a series of weekly science experiments which culminates in a school wide Science Showcase for each grade level, and Futuristic Friday's, a series of college and career exploration workshops which culminates with a student success showcase. Through partnerships with The National Center for Missing and Exploited Children, LACOE Expanded Learning unit, Reebok, Girl Scouts, Every Monday Matters, US Soccer Foundation, Clever Crazes and Scrabble, students are provided with access to a variety of enrichment programs that compliment their academic, social, and emotional development.

Performing Arts Program: All ISANA students participate in a robust Performing Arts program, which includes dancing, singing, and acting. Physical activity is a key component of this program as students participate in dance class twice weekly; singing and acting are taught as well. They learn the dances and styles from around the world as they put on three productions throughout the year for parents and the community. Students learn first-hand the rigors and joys of practice leading to a recital before an audience from Performing Arts teachers who are highly skilled in their respective disciplines. Through the teaching of lessons aligned to Visual and Performing Arts Content Standards, academics are woven into the fabric of show preparation. Teachers encourage students to explore not only the performance aspect of the production, but also how the themes within the storyline have shaped society.

Instructional Materials

The principal, in consultation with the staff, will order instructional materials based on their alignment with the Common Core State Standards and the California Content Standards, the assessed needs of the students, school goals and measurable student outcomes. The textbooks for each of the core content areas have been selected from the State Adopted Textbook list. Each student will have current textbooks and instructional materials in each subject area consistent with the content and cycles of the curriculum frameworks adopted by the California Department of Education.

13 and 14. Instructional Methods to Deliver the Curriculum and Ensure Student Mastery of Standards

At ISANA student mastery of Common Core State Standards is a collaborative process across grade levels and subject areas. Students are exposed to a common core aligned curriculum that is integrated across subject areas. Elements of literacy and complex informational text are visible throughout science, history, art, and math lessons. Students have several opportunities throughout the year to utilize their cross-curricular knowledge to address real world problems through problem-based learning and performance tasks. ISANA uses weekly data reflections, benchmarking, common core aligned computerized assessments, research and writing experiences, and qualitative observations to inform teachers, support staff, and administrators as they collaboratively plan to meet all students’ individual needs in the process of standards mastery.

The instructional program is built around Lauren Resnik’s Nine Principles of Learning. The goal of the program is to create intelligence by teaching in ways that foster learning-oriented goals, and by organizing our schools in ways that promote effort.

Daily expectations will be placed on students socializing them to be responsible for using metacognitive strategies and skills such as memorizing, using resources, reasoning, problem-solving, and decision-making. Students will be taught how and when to ask questions, when it is okay to request assistance, when to collaborate, and when it is appropriate to struggle through on their own for a while.

More specifically, the middle school program will consist of features that address the needs of the middle school students, such as a block schedule and the recruitment of teachers who hold single subject credentials in English, Math, Science, Social Studies and Art or teachers who hold multiple subject teaching credentials with subject matter authorizations in the core content areas listed above. This targeting recruitment of teacher with in-depth subject matter knowledge and expertise will ensure that teachers understand the more complex middle school standards and are able to teach students the grade-level appropriate content standards with depth and that students are able to demonstrate mastery of the content standards.

During block scheduling, students will transition between teachers and attend 3 classes of 100 minutes on Mondays, Tuesdays, Wednesdays, and Thursdays, meeting with their odd period teachers on Mondays and Wednesdays and meet with their even period teachers on Tuesdays and Thursdays. On Fridays, students will meet and attend all 6 periods for 50 minutes each. During the last 35 minutes of each school day, the review/ELD/IWT (Independent Work Time) block will be devoted to ELD instruction for EL’s while non-ELD students go to their homeroom Advisory period for support.

The block scheduling will enable our teachers to implement project-based integrated and thematic instructional strategy by providing more time per class session to teach grade-level content standards with depth and mastery while integrating content areas and using hands-on learning activities. As students transition into the middle school environment, the block schedule will also allow for more technology instruction and will allow for technology to be integrated into the other core content areas. The goal of the technology program is for students to be technologically literate, knowing how to use the computer in the ways professional use it daily. In addition to receiving explicit instruction in basic typing skills, Word, Excel, PowerPoint, students will learn illustration and modeling applications in order to generate art work. Multi-media arts (music and video production) will be integrated through projects in a variety of subjects (creating movies of ways to meet the Millennium Development Goals, music videos explaining the structures within human cells and the functions of each structure, etc.).

The Instructional Environments

ISANA's instructional environment will provide evidence of a highly rigorous curriculum, clearly focused and articulated. It will be implemented in a way that demands a significant amount of active mental work and questioning from not just some, but every student. This environment will be comprised of the principles explored below:

- Academic Rigor in a Thinking Curriculum

This principle calls for a commitment to a knowledge core. Students only acquire robust, lasting knowledge if they themselves do the mental work of making sense of the problem. Students will construct their own knowledge, and the ideas they develop will be in good accord with known facts and established concepts.

ISANA will integrate rigor of content with high-level thinking and active use of knowledge. Reading comprehension, reasoning, writing, and problem solving—each of these thinking skills depend on what an individual knows.

We will have an articulated curriculum that progressively deepens students' understanding of core concepts while avoiding needless repetition.

Every instructional task and assignment, including extended projects in which original work and revision to standards is expected, will demand students to raise questions, problem solve, think and reason. Students will be challenged to construct explanations for their thinking and justification for their arguments, not just to get the right answers.

- Accountable Talk

During whole class discussion, small group work, peer or teacher conferences, and interviews, students will be accountable to: the learning community; knowledge and

standards of evidence that are appropriate to the subject; and generally accepted standards of reasoning. Students will need to explain their reasoning, give justifications for their proposals and challenges, recognize and challenge misconceptions, demand evidence for claims and arguments, or interpret and revoice other students' statements.

- Clear Expectations

Teachers will communicate clear expectations about what students will learn, how they will learn, and what qualifies as good work. They will set explicit content and performance standards that all students will work to achieve, and will make those standards clear to everyone—students, teachers, principals, parents, and the community—by displaying and discussing them regularly. Students will know what is expected and will be able to assess their progress toward a set goal. They will therefore be able to take responsibility for their own learning. Students' accomplishments will frequently be recognized and celebrated.

Students will internalize the expectations by developing rubrics and criteria charts that express the standards for quality work in their own words. By reflecting on exemplars and models of student work that meet or are on the way to meeting standards, students will learn to judge the quality of their own and others' work.

- Self-Management of Learning

Students will be explicitly taught to assume responsibility for their own learning through scaffolded learning experiences. They will monitor and regulate their own cognitive processes with increasing spontaneity and sophistication. They will monitor their own understanding of concepts and reflect what is being learned. They will check for new insights among prior understanding, and connect new information to their background knowledge by using metacognitive skills as well as by taking responsibility for their own learning. Since students will take responsibility for their own engagement with learning, they will work productively, independently, with a partner, or in small groups—without the need for constant adult supervision.

- Learning as Apprenticeship

Extended projects and presentations of finished work to interested and critical audiences will be used. The environment will be organized so that complex thinking and production is modeled and analyzed.

ISANA will utilize cognitive apprenticeship which include: modeling and observation, active practice, scaffolding, coaching, and guided reflection.

- Modeling and observation. Through this observation, mediated by conversations in which critical features of the work or product are pointed out and processes analyzed, students learn to discriminate good from poor practice, and acceptable from unacceptable outcomes.
- Active practice. Students practice learning by developing products and performances under controlled conditions in and beyond the classroom.
- Scaffolding. Products will be created jointly with apprentices doing the part they can and masters or more advanced apprentices doing the more demanding parts. As student apprentices begin to develop competence in a content area, teachers will gradually reduce the amount of support and scaffolding. Self-management skills will develop alongside expertise.
- Coaching. Student apprentices will be coached by their teachers, visiting experts, and their more advanced peers, who observe, comment, challenge and suggest modification to the work.
- Guided reflection. Students will have the opportunity to continually engage in considering, evaluating, and improving on their work.

- Fair and Credible Evaluations

The content of the evaluations will be disclosed in advance of learning, which allows students to systematically and effectively study. The content of the evaluation will be related to the taught curriculum.

- Recognition of Accomplishment

Students' progress toward the achievement of rigorous performance standards will be frequently recognized and celebrated by special events and occasions that regularly allow family members, friends, and others who are important in their lives to witness and applaud the children's accomplishments.

Culturally Responsive Standards-Based Classrooms and School

Teachers, administrators, and support staff will communicate high expectations and through their words and actions, respect for students' culture, history, heritage and contextual cultural reality. The indicators for this model are found in the classroom and school environment, in lesson activities, and in student work.

Classroom and school environment will reflect students' culture and cultural context with multimedia learning centers that provide access to diverse learning styles such as listening centers, video equipment and computers. The classroom libraries will be culturally relevant and will reflect the students' specific cultures. The learning environment will reflect student participation in a variety of ways, such as student created bulletin boards, presentations, project displays, etc.

Lessons and activities will connect content with students' prior knowledge, life experiences, contextual reality, and cultural history. The units will extend into students' life outside of school. Teachers will utilize KWL charts, graphic organizers and culturally connected instructional strategies such as mnemonics, storytelling, and KIVA process. The school, home and community activities will authentically bring parents and families into academic units study.

Student Work and projects will be displayed at various stages of development and will evidence their understanding of content in a manner that connects to their lives, culture and cultural context. Teachers will use authentic and alternative assessment instruments and student created rubrics and criteria charts to inform instruction and celebrate successes.

Principles of Learning, Project Based Learning, and Culturally Relevant and Responsive Education are woven into our instructional materials, both print-based and computer-based, in order to ensure student mastery of the California Common Core State Standards (CCSS) and other state content standards. Students' projects include a technology component, in which they use the Microsoft components to present their finished piece. Additionally, students track their progress (Self-Management of Learning) using online assessments that show standards mastery.

15. How the Instructional Program Provides and Supports Student Use of Technology

ISANA's instructional program provides real world preparation for students for the future and for 21st century standardized assessments. Technology is integrated into the curriculum for instructional delivery, formative assessments, teaching math skills through math standards, and maintaining our student information system. We have incorporated iReady and ST Math to supplement the curriculum and assess student learning. The ST Math™ program and iReady includes comprehensible grade level English Language Arts and math activities in a wide-range of interactive formats aligned to California Common Core Standards. Students are motivated to learn abstract math concepts, critical thinking math and problem-solving skills visually through comprehensible steps. The program meets students at their instructional level and allows them with our technology-integrated instructional program students will progress toward the new standards and ultimately prepare for Smarter Balanced and other online assessments. Principals and other school leaders will monitor the implementation of our instructional program using student data and weekly classroom observations.

Transitional Kindergarten

20. Description of TK Program

ISANA’s Transitional Kindergarten program is the first year of a two-year kindergarten program that uses an age and developmentally appropriate modified kindergarten academic curriculum that includes social, emotional, and cognitive outcomes and benchmarks.

Instructional Time and Academic Calendar

A number of research studies have demonstrated the relationship between the time on task and student achievement (Stigler, Lee and Stevenson 1987:1283). The academic year will be based on a 177-day semester schedule with hours of instruction exceeding the minimum required by the state of California. Our daily instructional schedule and yearly calendar would have the following features:

- The school will utilize a daily block schedule, in grades 7th & 8th, and may utilize a block for grade 6, enabling our teachers to implement project-based integrated and thematic instructional strategy. There shall be six periods each day of 50 minutes long for Friday, and a block schedule of 100 minutes for three periods on Monday, Tuesday, Wednesday, and Thursday. In addition to the above, there will be a targeted 35-minute period each day to address Homeroom Advisory, ELD, and/or Enrichment depending on the need of each student. This time may be used for culture building activities, targeted English Language Development lessons, or reteaching or extension of the standards currently being taught.
- Our instructional time shall be maximized through a reduction in interruptions such as a call to the office, public address announcements, and extra-curricular activities.
- Homework will be assigned in all subject areas and used as a means for both independent practice and exploration of new concepts.
- Students, faculty and staff will participate in advisory meetings and student assemblies.

Bell Schedule

ISANA Octavia Academy's offers a school schedule that exceeds the 200 minimum instructional minute requirements in kindergarten and 320 minutes for grades 1st – 8th as set forth in the Education Code for non-charter elementary school programs. During certain times (ex. parent conferences), ISANA Octavia Academy may use an early dismissal schedule.

21. Sample Daily Schedules

Below are sample daily schedules (regular, early dismissal) per grade level. Instructional schedules are based upon the following concepts and guiding principles:

For Kindergarten and First Grade, English Language instruction will include two hours and 50 minutes or 170 instructional minutes. These instructional minutes will include a 30-minute read aloud during the afternoon Language Arts block. Read alouds (an instructional practice where teachers, parents, and caregivers read texts aloud to children) are a core component of ISANA's literacy program. Read alouds are tied to standards learning and have an explicit lesson plan with directed instruction, purpose, and objective for learning. The schedule also includes 40 minutes of

ISANA Octavia Academy

mathematics instruction. The instructional schedule also includes 60 minutes of alternating Social Studies and Science instruction. It is during this afternoon block that teachers provide students with learning opportunities to integrate content areas through hands-on project based learning. A 30-minute block is devoted to ELD instruction for EL's while non-ELD students have opportunities to work in small flexible groupings on activities such as re-teach or pre-teach activities, partner reading, and journal writing. In addition, the instructional program also includes blocks in which students participate in Performing Arts and Technology.

The student schedule for the middle elementary grades, second and third, differs from the primary students. As student transition from the primary years, their schedule is modified to meet their instructional and developmental needs. One of the key differences from the Kinder and First Grade Schedule is longer instructional blocks.

For Second and Third Grade, English Language instruction includes two hours and 50 minutes or 170 instructional minutes. These instructional minutes include a 20-minute read aloud during the afternoon Language Arts block. Read alouds are a core component of ISANA's literacy program. Read alouds are tied to standards learning and have an explicit lesson plan with directed instruction, purpose, and objective for learning. The schedule also includes 60 minutes of mathematics instruction. The instructional schedule also includes 60 minutes of alternating Social Studies and Science instruction. It is during this afternoon block that teachers provide students with learning opportunities to integrate content areas through hands-on project-based learning. A 30-minute block is devoted to ELD instruction for EL's while non-ELD students have opportunities to work in small flexible grouping on activities such as re-teach or pre-teach activities, partner reading, sustained silent reading, and journal writing. In addition, the instructional program also includes a 45 minute block in which students participate in Performing Arts and Technology.

As Fourth graders become proficient readers and read to learn instead of learning to read, the English Language instruction decreases to two hours and 15 minutes or 135 instructional minutes. These instructional minutes still include a 15-minute read aloud during the afternoon Language Arts block and are tied to standards learning and have an explicit lesson plan with directed instruction, purpose, and objective for learning. The schedule also includes 50 minutes of mathematics instruction. The instructional schedule also includes 60 minutes of alternating Social Studies and Science instruction. It is during this afternoon block that teachers provide students with learning opportunities to integrate content areas through hands-on project-based learning. A 30-minute block is devoted to ELD instruction for EL's while non-ELD students have opportunities to work in small flexible grouping on activities such as re-teach or pre-teach activities, partner reading, sustained silent reading, Daily Oral Language, ST Math, and journal writing. In addition, the instructional program also includes a longer block of 60 minutes where students participate in Performing Arts and Technology. The increase in this block of instruction begins to prepare students for the block schedule they will transition into when they move to the middle school grades.

As fifth graders continue to become proficient readers, English Language instruction decreases to two hours or 120 instructional minutes. The schedule also includes 50 minutes of mathematics instruction. The instructional block of alternating Social Studies and Science instruction has now increased to 1 hour and 15 minutes or 75 instructional minutes. It is during this block that teachers provide students with learning opportunities to integrate content areas through hands-on project-based learning. The increase in this block of instruction continues to prepare students for the block schedule they will transition into when they move to the middle school grades. A 30-minute block is devoted to ELD instruction for EL's while non-ELD students have opportunities to work in small flexible grouping on activities such as re-teach or pre-teach activities, partner reading, writing projects that are in different phases of the writing process, sustained silent reading, Daily Oral Language, ST Math, projects, and journal writing. In addition, the instructional program also includes a block of 60 minutes where students participate in Performing Arts and Technology.

One of the biggest differences between the 6th through 8th grade schedule and students in self-contained classrooms (K-6) is the transition to block scheduling and attending class with multiple teachers per day. Students on the block scheduling attend 3 classes of 100 minutes on Mondays, Tuesdays, Wednesdays, and Thursdays meeting with their odd period teachers on Mondays and Wednesdays and meet with their even period teachers on Tuesday and Thursdays. On Fridays, students meet attend all 6 periods for 50 minutes each. Another difference is the review/ELD/IWT during the last 35 minutes of each school day. This block is devoted to ELD instruction for EL's while non-ELD students have support in homeroom Advisory. The block scheduling enables our teachers to implement project-based integrated and thematic instructional strategy by providing more time per class session to teach content to mastery while integrating content areas and using hands-on learning activities.

Professional Development

25. How the School will Provide Professional Development

The Professional Development of ISANA Octavia Academy staff falls into three categories:

1) ISANA-Wide All Day Professional Development Conference

Students learn best with teachers who are knowledgeable of their subject field, are well trained to deliver rigorous instruction, and to attend to the diverse needs of each student as an individual. A focus for professional development is selected each year from both quantitative (using, for example, student assessment data) and qualitative reflection (using, for example, classroom observation data) on the school's progress towards its goals. Additionally, based on this data, plans are developed to address needs of individual teachers, grade levels, content area specialists and for school-wide staff development initiatives. Training may be provided by ISANA staff but will also be provided by outside consultants or experts.

Professional development includes time for teacher collaboration and curriculum development. Teachers observe and share expertise with each other. In the first year of the charter term, topics of professional development include topics such as State Standards for the Teaching Profession, state standards, formative assessments, small group instruction, Standards for Mathematical Practice, Next Generation Science Standards, Reader's Workshop and Writer's Workshop, Culturally Responsive Pedagogy, Project-Based Learning, Thematic Teaching, Positive Behavior

Intervention Support, strategies for supporting Students with Disabilities and English Language Development, in addition to the Principles of Learning. Staff also receives training in the varying programs used by students as part of the instructional program so that those programs are implemented as effectively as possible. New teachers take part in a “New Teacher Institute” in which they are oriented to ISANA, mission and vision, and key programs.

In addition to receiving training during these professional development sessions, staff also gets the opportunity to review and analyze student and school data. School and district leadership guide staff through data analysis, identifying strengths, areas of need and using that data to develop action plans that drive student learning forward. The cyclical process of data analysis continues throughout the year during all staff professional development as well as grade level meetings and weekly school professional development. The preparation of teachers and support for their continuing professional development are critical to the successful implementation of our academic program.

Starting in 2018-2019, we expanded our ISANA-Wide Professional Development to include all staff members at school sites, classified as well as certificated, with the understanding that every staff member contributes to the achievement of our students. This gave us opportunities to increase leadership, cross-train staff, standardize training, ensure all staff had common language and were working towards a common mission, vision and goals, and increase the positive effect each staff member had on student achievement. Such a conference requires much coordination between each of our departments and inclusive conversations among and between departments.

2) Weekly School Site Professional Development

Additionally, teachers and other staff meet every Wednesday at the end of the school day to receive professional development identified as a need or focus, do common planning, analyze student work and review progress towards student and school-wide achievement goals. The process of inquiry and data analysis continues throughout the year, including after each schoolwide Diagnostic Assessment, administered around the beginning of each trimester, as well as a fourth time for K-2 students. As teachers from all grade levels are together, this is an opportunity for vertical planning and discussions to take place.

Weekly school level professional development is also guided by the individual yearly professional goals selected by each teacher and staff member at the beginning of the year. Each teacher meets with their leadership team at the beginning of each year and throughout the school year to develop an instruction-focused goal and action plan which includes ways in which the school leadership team can assist the teacher in achieving his or her goals. Coaching sessions and observations take place on regularly that focus around those individual goals. To ensure the value of these sessions, instructional leaders receive training in Cognitive Coaching, a research-based model that capitalizes on teacher strengths and cognitive processes.

3) Grade Level Meetings

On a weekly basis, teachers will engage in collaboration and co-planning time with partner teachers (e.g. kindergarten teachers, 7th and 8th grade teachers) and/or departments (e.g. middle school math, Performing Arts). This time is frequently used to co-plan, for example, a project-based learning unit or performance task as well as reviewing and analyzing most recent student data. Instructional Coaches facilitate these meetings by creating agendas and activities to meet the needs of assigned grade levels.

26. Recruiting Qualified Teachers

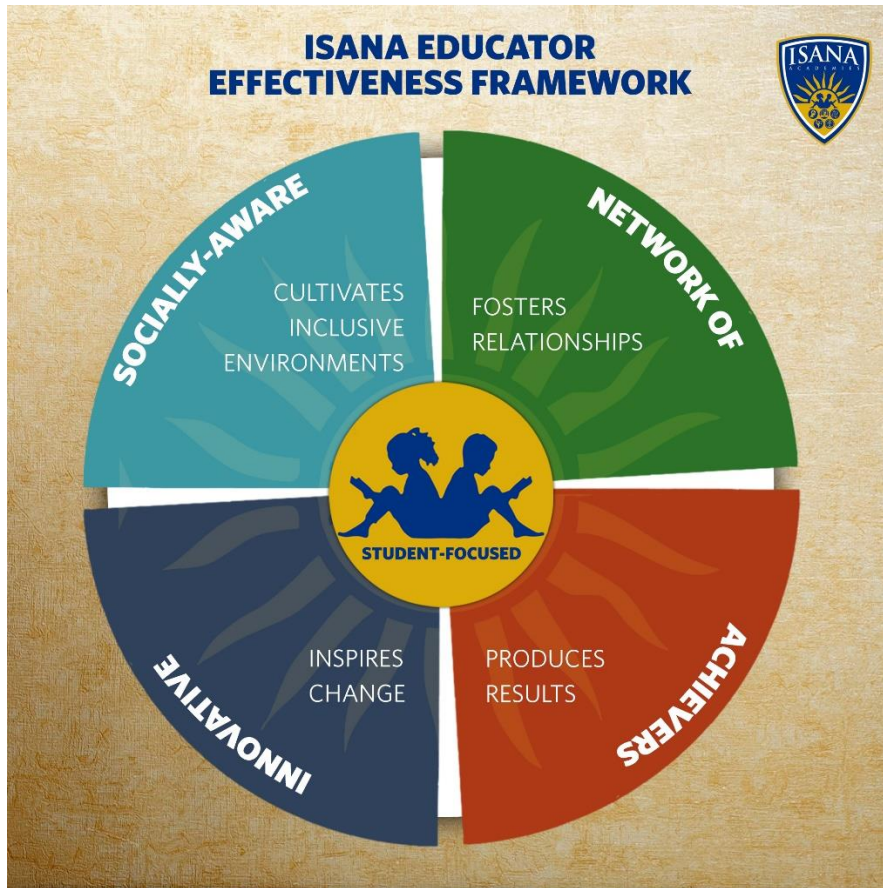

In order to fulfill the mission and vision of its charter, ISANA Octavia Academy recruits teachers (and an entire staff) who are qualified, talented, and invested in its mission and vision.

We will use the following strategies/sources to recruit teachers:

- Traditional posting sites such as EdJoin.org and Indeed.com
- Attending Job Fairs
- Targeted University contacts
- Using the career services posting systems of teacher preparation programs
- Pipeline within ISANA of ISANA staff who become qualified to teach. This has been a successful strategy used by ISANA in building an excellent staff, as these staff members are well-versed and invested in the school's mission and vision and familiar with the school community.

To help recruit and retain the teaching staff that we need, ISANA Octavia Academy works to ensure that staff feel positively about their compensation and appreciation, their working environment and their opportunities for growth. As funding levels allow, ISANA will maintain a salary table competitive with local districts. ISANA leadership will also track teacher satisfaction with the working and learning environment provided by the school via annual climate surveys as well as skip-level meetings. The surveys allow staff to provide feedback multiple measures related to their satisfaction and requests their input regarding changes that can be made to improve the school and the services provided to all stakeholders; while skip-level meetings provide, among several other benefits, staff with an additional forum to voice their thoughts and concerns regarding school and ISANA leadership.

In 2019-2020 ISANA developed its Effective Educator Framework, whose purpose was to define specific indicators of an effective educator that place student learning in the forefront and link these to clear outcomes in order to hire and retain the most effective teachers. The framework is designed to promote growth and development, place student learning at the center, recognize excellence, set a high bar for professional teacher status, and shorten timelines for improvement. The framework is reviewed with incoming and returning teachers, who then chart their progress towards becoming a highly effective educator.

Each of the four competencies listed above in this model is divided into key behaviors, which describe the actions an educator and leader should take to demonstrate proficiency in that competency.

Meeting the Needs of All Students

The daily schedule will encompass blocked time, teacher/student individual conferences, and team teaching. ISANA Octavia Academy will provide for all learners, including English Learners, Gifted and Talented Students, Students Achieving Below Grade Level, Socio-Economically

Disadvantaged/Low Income Students, Students with Disabilities, and Students in Other Subgroups, by:

- Creating an environment that is responsive to the different learners
- Assessing each learner's knowledge, understanding, and interest
- Integrating the intellectual process including both cognitive and affective abilities
- Differentiating and individualizing the curriculum to meet each learner's needs
- Evaluating both learning and teaching, and reflecting on the information obtained to adapt the learning plan and improve the program.

27. English Learners

ISANA Octavia Academy has implemented its own English Learner Master Plan. It is included below.

Introduction

ISANA is dedicated to providing the strongest educational program for all students at ISANA charter schools. ISANA's mission is to provide a school where students will thrive in an atmosphere of high expectations and engaging curriculum with challenging learning activities for all students. In furtherance of this mission, ISANA is committed to working in concert with administrators, teachers, community members, students, and parents to provide the most effective instructional programs for our English Learners ("EL").

The EL Master Plan demonstrates our commitment to support every EL, and serves as a guide for how ISANA will implement programs and services to ensure our ELs reach the highest levels of achievement and full proficiency in English. The EL Master Plan provides specific procedural guidelines for the identification, assessment, and placement of ELs; reclassification of ELs; notification and involvement of parents; the functioning of the District-level English Learner Advisory Committee; and the evaluation of our EL programs.

In order to ensure full and effective implementation of the EL Master Plan, ISANA will provide ongoing professional development for administrators, teachers, and other personnel to help each school develop and implement effective programs that are congruent with the EL Master Plan and to monitor implementation. ISANA's EL program and services will comply with all applicable legal requirements.

Identification, Assessment and Monitoring Progress (EL 06, 19)

Home Language Survey

Upon initial enrollment, parents complete the Home Language Survey (HLS) section in the student enrollment packet. The purpose of the HLS is to determine if a language other than English is used in the student's home. The HLS is not used to determine a student's language classification or immigration status. The survey includes the following four questions:

1. Which language did your son/daughter learn to speak first?
2. What language does your son/daughter most frequently use at home?
3. What language do you use most frequently to speak to your son/daughter?
4. Name the language most often spoken by the adults at home.

If the answer to any of the first three questions on the HLS indicates a language other than English, the student will be assessed using the current English language proficiency assessment.

However, if the parent's response to the first three questions on the HLS is English, and the response to the fourth question is other than English, then reasonable doubt may exist as to the student's home language. ISANA staff will research the student's home language background using indicators such as the following, as well as consultation with the student's parent:

- Parent/guardian requires an interpreter to communicate in English
- Parent/guardian speaks to their child in a language other than English
- The HLS is completed in a language other than English (including spelling the word "English" in another language)
- Student initiates interaction with their parents/guardians in a language other than English
- It is revealed that the child, while their parent/guardian is at work, is under the care of a person(s) who speaks a language other than English
- Student demonstrates a lack of comprehension regarding instruction and classroom/school routines conducted in English

If there is evidence of significant non-English exposure, then the pupil must be administered the ELPAC.

Students will be assessed within the first 30 calendar days after school begins. In addition, parents will be notified of the assessment results and program placement within 30 calendar days of initial enrollment. Student scores on this assessment determine their individual proficiency level for the purposes of planning their instruction.

English Language Proficiency Assessments for California

The ELPAC is used to fulfill the requirements under the Every Student Succeeds Act ("ESSA") for annual English proficiency testing. Parents are notified in writing of the assessment results and program placement within 30 calendar days of initial enrollment. The written notifications are in English and in the student's primary language.

All currently enrolled ELs will be assessed for English language proficiency by ISANA's administration of the ELPAC during the annual assessment window. ELs with an active individualized education program ("IEP") or Section 504 Plan will be assessed for English language proficiency using accommodations, modifications, or alternate assessments for the current English language proficiency assessment as specified in the pupil's IEP or 504 Plan.

Initial Language Classification/Status

A student's initial language classification or status is determined by their overall performance on the initial English language proficiency assessment, currently the ELPAC. Based on the performance level, a student may be classified as follows:

English Learner (EL)

The overall performance level on the initial ELPAC is Novice, Intermediate, and IFEP.

Initial Fluent English Proficient (IFEP)

Students are designated as IFEP when they fall within the score range designated by the CDE. This result can occur when the student enters school already fluent in English and the home language(s) or when the student has had minimal exposure to the other language(s) spoken in the home.

Monitoring Progress

Identified EL students' language development and growth are monitored by teacher observations, the annual English language proficiency assessment, and their academic progress. Ongoing monitoring of EL student achievement happens at various levels. For example, Instructional Coaches hold grade level team meetings weekly to examine student data (e.g., ELA and math assessment data) to identify areas of progress, areas of need, and to suggest modification of English language instruction to meet the needs that are revealed by data analysis.

EL students' progress toward the ELD standards is examined at least four times a year through ELA assessments (such as curriculum-based assessments and iReady Diagnostic Assessments), and ELD Portfolios.

The ELD Portfolio is a state-approved tool used to monitor and document language acquisition for each EL. The ELD Portfolio includes assessments, work samples, and documents related to the reclassification process. More information about ELD Portfolios is included in the "Reclassification and Monitoring of Reclassified Students" section below.

PARENT/GUARDIAN NOTIFICATIONS AND INVOLVEMENT (EL 07)

Initial Notification

Parents/guardians of ELs, as well as parents of IFEP students, are notified of their child's initial English language proficiency assessment results. The initial notification is sent to parents/guardians within 30 days after the beginning of the school year and includes:

- a) Their child's initial English language proficiency level
- b) How the level was assessed
- c) Their child's language designation
- d) Descriptions of program options
- e) Program placement
- f) Exit criteria
- g) If the child has an active IEP how such program will meet the objectives of the IEP

Annual Notification

Parents/Guardians of ELs are informed annually of their child's status as an EL student. The annual notification is sent to parents/guardians no later than 30 days after the beginning of the school year and includes:

- a) Their child's proficiency level
- b) How the level was assessed
- c) The status of the child's academic achievement
- d) Their child's language designation
- e) Descriptions of program options
- f) Program placement
- g) Exit criteria
- h) For ELs on an active IEP, how such program will meet the objectives of the IEP

The annual notification shall also include the following information if the child is a long-term English Learner ("LTEL") or at risk of becoming a LTEL:

- a) A statement indicating the child is a LTEL or English learner at risk of becoming a LTEL;
- b) The manner in which the program for English language development instruction will meet the educational strengths and needs of LTEL or English learners at risk of becoming a LTEL; and
- c) The manner in which the program for English language development instruction will help LTELs or English learners at risk of becoming LTELs develop English proficiency and meet age-appropriate academic standards.

Additionally, once an EL student is identified, school leadership meets with parents of EL students in a whole group setting, or in individual conference if requested by parent, to outline the instructional program, the teachers' role in implementing the instructional program, the school's role in supporting the instructional program, and the parent's role in supporting the student to succeed. The result of such meeting is appropriately documented in the student's record.

District-level English Learner Advisory Committees

Each ISANA charter school hosts monthly District-level English Learner Advisory Committee ("DELAC") meetings. DELAC members include parents/guardians of English learners and ISANA staff members. At the monthly meetings, the DELAC reviews and advises the Principal on issues including, but not limited to: EL instructional program and services, the LCAP Addendum, reclassification procedures for ELs, EL Master Plan, written notifications to EL parents/guardians, English Learner performance data, and the Local Control Accountability Plan ("LCAP"). Each respective Principal conveys the DELAC's input, recommendations, ideas and advice to the ISANA governing board through the Principal's reports to the Board. The Principal also conveys feedback from DELAC to the Board through reports on parent feedback surveys. All of this input is used to develop SPSA, LCAP, LEA Plan, and EL Master Plan and to bolster programs and services for English Learners.

STRATEGIES FOR ENGLISH LEARNER INSTRUCTION (EL 18, 19)

EL Instructional Program Overview

ISANA is committed to implementing a program for each EL student that is designed and implemented to overcome language barriers and provide access to the core curriculum. ISANA provides a comprehensive ELD instructional program to every EL student that is integrated to core lessons and also tailored to each student's academic goals and their individual language learning needs. Our ELA/ELD program is built on the California Framework and the Common Core State Standards with the aid of our adopted curriculum California Journeys. Primary language support may be used to motivate, clarify, direct, support, and explain concepts.

Curriculum and instruction related to the California Common Core State Standards for ELA/Literacy focus on five key themes of a robust and comprehensive instructional program in ELA/literacy for all students: Meaning Making, Language Development, Effective Expression, Content Knowledge, and Foundational Skills. These key themes cut across the strands of Reading, Writing, Speaking and Listening, and Language. They also encompass all three parts of the California ELD Standards: "Interacting in Meaningful Ways" (collaborative, interpretive, and productive), "Learning About How English Works" (structuring cohesive texts, expanding and enriching ideas, and connecting and condensing ideas), and "Using Foundational Literacy Skills." Our program provides a systematic approach to Designated ELD that builds into and from the core instruction while providing dedicated time for developing academic English language skills. The Designated ELD lessons support the content covered during core instruction to promote the success of ELs. Designated ELD instruction is a critical component of the instructional program for every EL, and this instruction is provided at the same level as other core instructional areas. Further, ELs receive targeted Designated ELD instruction at their proficiency level. At the same time, the Designated ELD lesson will comply with ELD standards to ensure ELs are able to develop English proficiency.

Every EL will be provided with protected time of at least 30 minutes of Designated ELD instruction during the regular school day. Designated ELD instruction may take place within the classroom, while non-EL classmates participate in other academic activities (e.g., academic language development, writing, or computer assignments). Additionally, this instruction may be delivered to the entire grade level as students within the grade level are grouped by proficiency and each group is taught by a teacher, while other grade level teachers provide instruction to the non-EL students. If families have any questions about Designated ELD instruction, they are encouraged to contact the Principal.

Integrated ELD is provided to EL students throughout the school day and across all subjects by classroom teachers. For Integrated ELD, the program identifies ELD standards that are addressed while teaching the core lessons. In these lessons, as well as lessons in other content areas, teachers address ELD standards in tandem with content standards while using SDAIE (Specially Designed Academic Instruction in English) and SIOP (Sheltered Instruction Observation Protocol) strategies. SDAIE is a teaching approach that allows ELs full access to key curricular concepts while acknowledging their limited ability to communicate extensively or proficiently in English. Teachers will, for example, help students to establish a link between their prior knowledge and the

material through activities such as think-pair-share, quick-writes, and anticipatory charts. SIOP is a model which helps teachers plan and deliver lessons that allow ELs to acquire academic knowledge as they develop English language proficiency. Teachers develop specific language objectives that detail, for example, the key vocabulary or language structure that students are to learn.

In order to enhance academic achievement, through the use of the SDAIE method and ELD strategies, teachers:

1. Activate and build on prior knowledge
2. Use reading comprehension strategies such as questioning and visualizing and provide multiple opportunities to employ learned comprehension strategies
3. Explicitly teach vocabulary and how to use morphological knowledge and context clues
4. Engage students in peer discussions
5. Provide frequent exposure to rich oral and written language
6. Foster word consciousness and language play
7. Promote rich classroom conversations engaging all students in academic conversations
8. Expose students to a wide range of texts across a variety of disciplines
9. Provide opportunities for students to develop and apply foundational literacy skills

Integrated ELD and Designated ELD instruction are provided by teachers who meet the qualifications set forth in the “State Qualifications and Professional Development” section below in classroom settings. This instruction is scheduled and tailored to meet our students’ needs. For example, students at the lower ELD levels have more context embedded materials. As they progress in acquiring English language proficiency, the concepts become more abstract. The focus of learning moves from learning to read to reading to learn, where students process content and information.

The program is individualized for students depending on where they are in the English language continuum. The program includes an array of standards-aligned lessons and activities that sync to the core curriculum and are crafted for daily use for English learners at all proficiency levels. The program allows teachers to employ these tailored lessons, activities, and resources to serve students based on their respective proficiency levels (Emerging, Expanding, or Bridging). These lessons provide a laser focus on language that meets each student at their language learning level, helping students to develop their metalinguistic knowledge and master how English works.

LTEL Support

ISANA defines Long Term English Learners (“LTEL”) as an EL student to which all of the following apply: (1) is enrolled on Census Day (the first Wednesday in October) in grades 6 to 12, inclusive; (2) has been enrolled in a U.S. school for six or more years; (3) has remained at the same English language proficiency level for two or more consecutive prior years, or has regressed to a lower English language proficiency level, as determined by the CELDT/ELPAC; and (4) for students in grades 6 to 9, inclusive, has scored at the “Standard Not Met” level on the prior year administration of the CAASPP in ELA.

ISANA will ensure that all LTEL students are designated a specific staff member to monitor their language status, test results, goals for meeting grade-level standards and reclassification. All LTEL students and their parents meet at least twice yearly with the designated staff member to review current language status, program placement, test results and goals for meeting the reclassification criteria and accelerated academic progress targets. The designated staff member is also responsible for documenting the LTEL student's academic needs and support/interventions put in place as needed using COST forms and/or other documentation forms such as the LTEL progress monitoring form (LTEL Student Goal Sheet) and LTEL Meeting Log. LTELs with an IEP will have their goals set forth in their respective IEP as opposed to the Student Goal Sheet.

Supports for Students Incurring Academic Difficulties

Ongoing monitoring of ELs allows us to provide the necessary support and instruction for ELs incurring academic difficulties. Instructional Coaches hold grade level team meetings weekly to examine students' academic progress. When we identify EL students who are incurring academic difficulties while learning English, our Instructional Coaches help teachers plan instruction accordingly and identify the appropriate interventions to put into place.

In-class supports include teacher-led small group instruction and modifications to a student's lesson plan to accommodate the student's needs. Teachers also ensure students receive out-of-classroom supports by, for example, providing one-on-one instruction outside the class and access to support from our intervention staff.

Teachers also infuse culturally relevant pedagogy into the classrooms to support ELs. Culturally relevant pedagogy validates EL students by embracing the cultures from which student come from, integrating students' culture in the learning process, and motivates students to learn by making learning relevant. In addition, tailored grade-level collaborative units and projects contain differentiated lessons for ELs. Classroom instruction incorporates the use of SDAIE, scaffolding techniques and graphic organizers as well as Integrated and Designated ELD instruction. EL students also have opportunities to receive additional support during ISANA's after-school tutoring and other intensive support.

Our practice of providing preventative accommodations and interventions for any students (EL or non-EL) who are struggling academically involves the use of the Coordination of Services Team (CoST) referral program. The CoST program includes a weekly meeting between the Principal, Instructional Coach, School Psychologist, School Counselor, academic interventionist, and Resource Specialist Program Teacher in which the team reviews teacher recommendations for students who are struggling behaviorally and/or academically and puts a plan into place to support the student.

EL students who are brought to the attention of CoST are identified as such on the referral form. Supports available through CoST include, but are not limited to: consultation/ collaboration with general education teacher on instructional strategies, Tier 1 & 2 academic intervention, Tier 1 & 2 behavioral intervention, and school based counseling. If the student is not successful with the

accommodations and interventions put into place through COST, the student is referred to a Student Success Progress Team (SSPT) meeting to provide more intensive intervention plan.

Instructional Materials

ISANA uses the following instructional materials and instructional resources to support ELs in all grades:

- California Journeys (Grades TK/K-6) - This program was selected because of its comprehensive approach to ELD instruction and the support it provides to EL students to help them develop the English language knowledge and abilities they need in order to be successful. California Journeys is successful in helping ELs develop the knowledge and ability they need to succeed because it employs realistic pacing by focusing on close-reading, re-reading and note-taking, provides easy-to-use digital tools by customizing lessons, and allows staff to constantly monitor progress to re-adjust instruction and track progress. In addition, California Journeys features culturally relevant and engaging texts. These characteristics promote the success and meet the needs of our ELs. The program was built on California's bilingual ELA/ELD framework and empowers students with multilingual academic proficiency. California Journeys includes resources needed to implement both Designated and Integrated ELD instruction.
- enVisionMATH California Common Core (Grades TK-K5) - enVisionMATH has visual learning as one of its foundational principles. This resource was selected because the visually-intensive approach is unique and targets a difficult subject in a manner that is effective and meets the needs of our EL students. Visual learning is a powerful method for making abstract ideas concrete and for connecting prior knowledge to new concepts for EL students and all students alike. In enVisionMATH, the concept development phase of the lesson relies heavily on engaging and motivating visuals. The program's visuals help EL students grasp the lesson concept even though they may struggle with English language proficiency. The program also has an intended and specific focus on vocabulary development. New vocabulary is highlighted and frontloaded so that students are introduced to the new terms at the beginning of the lesson. The "Vocabulary Card Masters" offered through this program is another resource to help EL students internalize the meanings of the new terms.
- ST Math (Grades TK-8) - ST Math is a graphically rich web-based program which uses interactive virtual manipulatives to help students develop a conceptual understanding of abstract concepts. Because the program does not primarily rely on language proficiency or prior math proficiency, this program is an effective resource to support ELs. One reason ST Math was selected is because of its track record of success of making math more accessible to ELs.
- Pearson digits Math (Grades 6-8) – Pearson digits Math leverages technology to personalize student learning and provides a customized learning path for each student. Instructional materials provide access to the standards-based curriculum for all students, including English learners, advanced learners, students below grade level in mathematical skills, and students with disabilities. This resource was selected because it features a platform that relays information in an engaging manner for middle school students. The media-intensive aspects of this platform promote the success of ELs.

- Holt McDougal (Grades 7-8) - Holt McDougal includes selections of curriculum which have been adapted to target EL students by modifying the complexity of content, vocabulary, and syntax by proficiency level. ISANA uses this program because it meets the needs of our ELs as it features skill builder pages with scaffolding and graphic organizers that further strengthen student reading comprehension, with particular focus on academic and selection vocabulary. In addition, this program features differentiated instruction strategies for our staff to target services and support for EL students.
- iReady (Grades TK-8) – iReady is a computer-based program that provides a personalized path for each student using online tools and lessons based upon their areas of need in both ELA and mathematics. It is research-based, has a track record of predicting how well students would score on the SBAC, and provides targeted, differentiated assessment and instructional resources for teachers. i-Ready allows educators to pinpoint students’ strengths and knowledge gaps, monitor student growth, make informed instruction decisions, and design individualized instruction based on students’ unique needs.

In addition to these resources, classroom instruction incorporates the use of hands-on activities using objects and artifacts related to real life. Technology is also used as a tool for language acquisition. As part of our monitoring process, we carefully review the effectiveness of our instructional materials and make modifications, as necessary, to support our students.

STUDENT PLACEMENT/LANGUAGE ACQUISITION PROGRAM DESCRIPTION (EL 17, 18, 19)

ISANA provides ELs with a Structured English Immersion (SEI) Program (described above). The SEI program provides nearly all classroom instruction in English, but with curriculum and a presentation designed for students who are learning English. The goal of this program is acquisition of English language skills so that ELs can succeed in an English-only mainstream classroom. Teachers have specialized training in meeting the needs of ELs, and strong receptive skills in the students’ primary language.

RECLASSIFICATION AND MONITORING OF RECLASSIFIED STUDENTS (EL 14, 19)

Reclassification Procedures

ISANA’s reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- a) Assessment of English language proficiency, using an objective assessment instrument including, but not limited to, the state English language proficiency assessment;
- b) Teacher evaluation, including, but not limited to, a review of the student’s curriculum mastery (Note: the term “teacher” refers to the classroom teacher and other certificated staff with direct responsibility for teaching or placement decisions of the student);
- c) Parental opinion and consultation; and

- d) Comparison of the student's performance in basic skills against an empirically established range of performance in basic skills based on the performance of English proficient students of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English. (For specific academic criteria per grade level, please see below "Reclassification Criteria.")

ELD Portfolio

An ELD portfolio will be created for each EL student to monitor students' progress in English Language Development. This state-approved tool will allow ISANA to measure student progress and maintain evidence of student language acquisition and growth. This tool is utilized in the reclassification process. The ELD portfolio will be placed in the student's cumulative folder and will include documentation with the following information:

- a) Language and academic performance assessments
- b) Work samples, such as writing samples and other similar assignments.
- c) Participants in the reclassification process
- d) Decision regarding reclassification

Reclassification Criteria:

The goal for reclassification is for all ELs to gain fluency in English as quickly as possible in a non-threatening, supportive setting. ISANA uses the following criteria for reclassifying ELs:

ELs in grades K, 1 and 2:

1. English Language Proficiency Assessments for California
 - a. The student has an Overall Performance Level (PL) 4 on the ELPAC Summative
2. Teacher Evaluation
 - a. English Language Arts composite of 3 or higher on Trimester Report Card
3. Parent Consultation
 - a. The parent has been consulted and notified that the student is eligible for Reclassification.
4. Basic Skills Assessments
 - a. Score of On-Grade Level on most recent Diagnostic Assessment

ELs in grades 3 through 8:

- 1- English Language Proficiency Assessments for California
 - a. The student has an Overall Performance Level (PL) 4 on the ELPAC Summative
- 2- Teacher Evaluation:
 - a. 3rd-6th* (**self-contained classes*) – English Language Arts composite of 3 or higher on Trimester Report Card
 - b. 6th-8th grade – Grade of C or better in English

- 3- Parent Consultation
 - a. The parent has been consulted and notified that the student is eligible for Reclassification.
- 4- Basic Skills Assessment
 - a. Standard Met or Standard Exceeded on the ELA SBAC (3rd-8th)
OR
Score of On-Grade Level on most recent Diagnostic Assessment

Monitoring of Reclassified Students

ISANA will monitor the progress and achievement of reclassified students, using the Reclassified Fluent English Proficient (RFEP) Monitoring Tracker. All RFEP students are monitored at the end of each trimester reporting period for a minimum of four years after reclassification to ensure correct classification, placement and additional academic support, as needed. ISANA will maintain a record of RFEP student progress that will include data on the CAASPP, internal benchmarks, curriculum embedded assessments and teacher evaluation reports. Reclassified students having difficulty will be brought to the attention of the Coordination of Services Team (COST) to begin a closer monitoring process and to determine interventions that may be appropriate. Reclassified students having difficulty will have access to ELD support services. In addition, they will be eligible to receive any other support services that are available to all students.

Appropriate support services may include, but are not limited to, any of the following:

- Student/teacher/parent conference
- After-school tutoring
- Specialized reading, writing or math instruction
- Content-based language development support instruction
- After-school academic support
- Intervention classes

STATE QUALIFICATIONS AND PROFESSIONAL DEVELOPMENT (EL 15, 16, 19)

ISANA is committed to ensuring that all ELs are taught by qualified teachers who are knowledgeable about and proficient in implementing research-based best instructional practices for ELs. In order to do this, ISANA makes every effort to recruit teachers who are bilingual or have state authorization to teach ELs such as BCLAD, CLAD, SB 1969, and who not only have training in second language pedagogy but also have experience teaching second language learners and sheltered English classes. Any teacher who teaches English classes for ELs holds an appropriate credential or demonstrates satisfactory progress toward obtaining such credentials.

To help ensure access of ELs to all content areas, ISANA provides staff development to all teachers of ELs in instructional methodologies and assessments that support the special learning needs of second language students. Professional Development includes training in the following:

- Designated ELD instruction
- Integrated ELD instruction
- Primary language support

- SIOP strategies
- SDAIE strategies
- Implementation of curricula
- Assessment practices

This professional development is designed to improve the instruction and assessment of ELs and to enhance the ability of teachers, principals, and other school leaders to understand and implement curricula, assessment practices and measures, and instructional strategies for ELs. Our goal in providing professional development is to increase students’ English language proficiency. These strategies are targeted to increase the staff member’s subject matter knowledge and teaching knowledge to create a lasting, positive impact on the classroom.

MEASUREABLE OUTCOMES AND GOALS

ISANA has established English Language Development in its current LEA and Title III plans as priority areas for teacher and administrator professional development. The overall goal is to train and provide follow-up coaching to ensure high quality utilization of effective ELD and high leverage practices at all school sites.

Curricular Focus	Measurable Outcomes	Goals	Instrument
English Language Development	<ul style="list-style-type: none"> • Demonstrate verbal and written proficiency in English according to ELD standards • Students will advance one ELD level each year in the lower ELD levels. 	<p>Percentage of students increasing one performance level on the ELPAC will exceed 80% each year.</p> <p>Percentage of students reclassified will exceed 10% each year.</p>	<ul style="list-style-type: none"> •ELPAC (Annual) •Teacher Grade-level created Performance Assessments (Once per trimester) •Journeys/McDougal Littell Curriculum Based Assessments •Individual student conferences (4 times per year) •Assessments (Initial identification & According to Pacing Plan)

EVALUATION OF EL PROGRAM EFFECTIVENESS (EL 13, 19)

ISANA is committed to working in concert with administrators, teachers, support staff, students and parents to provide effective instructional programs for ELs. ISANA ensures that the practices, resources, and personnel used at each school effectively implement the program for ELs.

ISANA will monitor implementation of the EL Master Plan to determine the effectiveness of the program and the services we are providing ELs (including RFEPs and LTELs). ELs receive

ongoing support through the cycle of instruction, assessment, monitoring, and evaluation in all classrooms.

Recent English Learner performance data highlights the effectiveness of our instructional program. For example, the recent 2018 CAASPP scores demonstrate, on average, ISANA ELs had higher ELA and Math scores as compared to the averages for District and State ELs. Our LTEL data also speaks to the effectiveness of our instructional program, as most of our LTEL students have progressed to RFEP status. In terms of RFEPs, ISANA schools generally have surpassed RFEP goals as stated in their respective charters.

By monitoring student achievement through on-going analysis of achievement data of ELs, academic needs are addressed, instructional strategies are identified and implemented, and overall program effectiveness is continually evaluated. In this process, we endeavor to review the degree to which: (i) ELs are attaining English language proficiency comparable to average native speakers of English at the charter school; and (ii) ELs are achieving and sustaining parity of academic achievement with students who entered the school already proficient in English.

In addition, we will provide timely feedback and identify needed modifications to all our stakeholders. Finally, we will utilize established internal accountability for administrators, Instructional Coaches, teachers and stakeholders to ensure continuous growth for our ELs.

28. Gifted and Talented Students and Students Achieving Above Grade Level

ISANA Octavia Academy opposes tracking, and therefore does not identify students for gifted-only classes. Class projects and assignments are created with differentiation for above grade level complexities. Opportunities are also given in Performing Arts and the Expanded Learning Program. High achieving students are identified by scoring in the advanced level on standards-based benchmark assessments and achieving mastery in all core courses with a score of 4 or an A on their report card. These students are provided with targeted classroom instruction and enrichment opportunities intended to meet their specific learning needs. In order to ensure high performing students are provided enrichment, teachers consistently analyze student data and performance to inform their instructional focus and promote appropriate opportunities for individualization. They use this information to create learning activities that target the needs of all students, using strategies such as:

- Using complexities of text levels in independent reading and guided reading instruction.
- Appropriate and flexible grouping
- Significant interaction with intellectual peers
- Assigning challenging, enriching problems that increase in complexity for early finishers and implemented during small group and targeted instruction
- Vertical enrichment projects aligned to academic learning.
- Activities to hone higher order critical thinking, reasoning, communication and self-regulation skills.
- Consideration of the students' interest and levels of knowledge and ability

- Differentiation to meet their needs for acceleration, complexity, and depth in the study of the curriculum
- Provision for continuous progress that meets the students' needs and focuses on their areas of strength, and also on areas for improvement as indicated on the diagnostic and formative assessments.

The onsite designee for parents to contact regarding GATE is the Principal.

29. Students Achieving Below Grade Level

ISANA Octavia Academy has the primary goal of increasing learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as achieving below grade level. Professional development for our teachers will include specific training in recognizing students achieving below grade level, understanding how they can be helped to raise their achievement levels, and applying appropriate methodologies including differentiation in the classroom. Upon identification of any student as achieving below grade level:

- Parents will be informed of the student's academic standing within one week of identification.
- Within two weeks of identification, the school will schedule a conference between the student, parent, teachers, and the administrator or his/her designee to develop an action plan. The individualized action plan for achievement will have specific responsibilities for the student, parent, and teachers.
- In those areas where the student is struggling most, one-to-one instruction will be offered by the classroom teacher and/or teacher's assistant.
- Paraprofessionals and/or trained tutors (recruited from the business community, the college/university community, and volunteer organizations) will provide remedial tutoring through individualized and/or small group assistance.

Students achieving below grade level initially are identified based upon low achievement scores as identified using the following assessment tools: Smarter Balanced Assessment and/or Internal Diagnostic reports, report cards/progress reports from the most recent school year, Kindergarten Checklists, and/or publisher provided Curriculum-Based Assessments. For English Learners, initial date of identification as an EL or IFEP and progress in ELD level will also be reviewed and taken into consideration. Some instructional strategies utilized for students achieving below grade level include pre-teaching and re-teaching skills and lessons in small groups, using visual cues, repetition, modeling, using graphic organizers, print-rich room environment, teaching through hands-on activities using realia, and tutoring (in-school and after-school). Teachers monitor the progress of students in this student group weekly in their data reflections, as well as after each Diagnostic exam.

The CoST, SSPT, and RTI services described above are provided to students achieving below grade level.

Students Needing Retention

ISANA Octavia Academy holds high expectations for all students. Therefore, there will be no social promotions at the school. Students who do not meet state adopted standards or may need retention receive extra help involving some combination of differentiated instruction, and supplemental education classes such as our afterschool program. Emphasis will be on methods that allow students performing below grade level to gain new knowledge, learn new strategies for acquiring information and solving problems, and enhance their perspective on the value and excitement of learning. These strategies will help bring these students up to grade level.

Faculty, staff and administrators will work together to ensure that no individual student falls behind. By instituting comprehensive support system for all students-including small classes and tutoring after school, this will ensure that our students achieving below grade level do not fall through the cracks.

Identifying Students in Need of Intervention- Intervention Strategies

ISANA Octavia Academy will implement intervention strategies that reduce student dropout and underachievement. In identifying students in need of intervention assistance, ISANA Octavia Academy will use the LAUSD risk factor indicators which include:

<ul style="list-style-type: none">• Poor peer relationship• Immature-easily influenced• Disruptive behavior• Frequent suspensions/expulsions• Frequent health problems	<ul style="list-style-type: none">• Poor peer relationship• Immature-easily influenced• Disruptive behavior• Frequent suspensions/expulsions• Frequent health problems
--	--

Intervention will be provided through afterschool tutoring or the Expanded Learning Program where students who do not demonstrate mastery of grade-level standards receive intensive and strategic academic support to address areas of weakness as identified by the student's teacher. The Expanded Learning program will also provide additional opportunities for students to benefit from software programs such as ST Math and iReady.

In addition, students identified for intervention via the LAUSD risk factor indicators above may also be referred to the Student Success Progress Team (SSPT) by a parent, teacher, or administrator. The SSPT is a total school commitment to providing assistance in the general education classroom to students who need intervention and support. It begins with a meeting involving the school principal, teachers, parents and other school resources, who are responsible for working with a student who requires assistance. The meeting provides an opportunity for each of the participants to share information and ideas that would improve the student's ability to participate in his or her classroom. The team may recommend program modifications, use of alternative materials or equipment, and/or strategies or techniques that enable the student to participate more effectively in the regular classroom. The SSPT functions to stimulate the school community to work together with the common purpose of providing appropriate interventions and

assistance for students who need intervention and support, yielding academic and behavioral success.

Counseling is an integral part of ISANA Octavia Academy's total educational program. It is developmental by design and will include sequential activities organized and implemented by community partners with the support of teachers, administrators, students, and parents. The counseling program is an essential component of the total instructional program through which all students have maximum opportunity for their socioemotional development. Students who demonstrate an emotional and/or behavioral need for services (e.g. self-image and eating issues, negative peer relationships, grief from loss of a family member, desire to harm self, or consistent behavior that interrupts instruction, or other behavior that is not aligned to ISANA classroom expectations) may be referred for counseling by a parent, teacher, or administrator.

30. Socioeconomically Disadvantaged/Low Income Students

At ISANA Octavia Academy students from socioeconomically disadvantaged backgrounds thrive and learn in a nurturing, caring, and collaborative environment. Socioeconomically disadvantaged students are identified in SchoolNet, which links to our Power School SIS system, allowing for teachers to monitor and track students in this subgroup. A student is identified as Socioeconomically Disadvantaged if they meet any one of the three following conditions:

- (a) Enrolled in Free Meals Program
- (b) Enrolled in Reduced-Price Meals Program
- (c) Parent's highest level of education = 14 (Not a high school graduate).

Professional development is focused on intentional instruction, reflecting a diagnostic approach that is driven by identified instructional needs. To support socioeconomically disadvantaged students, ISANA Octavia Academy teachers receive training in the following topics: how to use assessment data to guide instruction, strategic planning that sets meaningful benchmarks for improvement, the importance of positive teacher-student relationships, and how to incorporate continual monitoring and assessment to guide instruction.

The school provides the enrichment opportunity of the after-school program. Students receive daily homework help in small and whole groups. Students also participate in fun academic enrichment activities that are aligned to their grade level-pacing guides. Daily Social Enrichment activities include activities such as chess, character building, and computer lab. All students receive physical and health promotion in the form of informative seminars centered on healthy behaviors and preventative measures as well as physical enrichment in the form of a variety of games and activities designed to stimulate physical activity. On Fridays, all students have an opportunity to participate in Futuristic Friday After School Clubs such as Future Doctor, Photography, Future Scientist, Environmental, Spoken Word, School Reporter, Future Astronomer, Glee & Drama, and future Architect. The clubs are designed to give students an

insight into potential career options as adults, students participate in hands on exploratory activities such as model bridge construction, animal organ dissection, galaxy creation, and volcano creation.

Additionally, in order to meet the economic needs of socioeconomically disadvantaged students and families, ISANA Octavia Academy holds parent workshops on issues related to economic need such as purchasing and accessibility of computers and internet, accessing free or low-cost health care, and accessing the after-school program.

Teachers as well as school administration monitor the progress of students in this student group weekly in their data reflections, as well as after each Diagnostic exam in their Action Plans, and after the statewide test.

Socioeconomically disadvantaged students, who are performing below grade level, will be taught cognitive strategies, such as the structure of language, how to establish goal-setting and procedural self-talk, how to sort relevant from irrelevant cues, multiple intelligences and modalities, and how to use mental models. In addition, ISANA Octavia Academy teachers will use kinesthetic approaches, rubrics, graphic organizers, and flexible grouping for instruction based on identified student needs. Immediate intervention for struggling students will also be provided through one-on-one support, in-school and after school tutoring, and small group instruction.

Students with Disabilities

Provisions addressing matters related to students with disabilities can be found in the district required language.

31. Students in Other Student Groups

Foster Youth

Foster Youth will be identified based on their enrollment applications (Foster Youth is not asked for on the lottery form) or at other times during the year when foster parents inform staff of the child's foster status. We track Foster Youth through our student information system, PowerSchool. Our Director of Pupil Services serves as the assigned Foster Student Liaison who supports schools (including the school counselor) with their support of foster students. Through that support, ISANA meets the needs of each student individually (uniforms, counseling, etc.). Longstanding partnerships with on and off-site mental health providers are readily available to assist with the mental health needs frequently associated with students in foster care. Interventions for Foster Youth are provided as needed through our CoST (Coordination of Services Team) and SSPT (Student Success Progress Team) programs, which will be provided depending on need based on academic and behavior performance. Additional support to Foster Care families will be provided through our parent meetings, teacher and administrator open door availability, and weekly reports. Teachers will track how Foster Youth are performing academically in their action plans after each diagnostic to ensure they are maintaining growth.

Standard English Learners (SELs)

Students identified for this subgroup will be socioeconomically disadvantaged students who speak African American Vernacular English (AAVE) and Latino American Language. SELs have mastered a language variety that is of a non-mainstream form. Each of these varieties is based largely in English vocabulary and grammar, *but employs its own phonological, lexical, syntactic, discourse, pragmatic and usage features*. These non-mainstream varieties are systematic and highly structured, with explicit rules for forming sounds, words and sentences, and are highly effective and useful as language systems in their communities of practice. The mastery and application of the complex linguistic rules of these English varieties generate differences between the students' home speech and the language of the school. We will use assessments that identify features of AAVE and Mexican American English. We will examine writing samples frequently since SELs tend to write in an oral style that reflects the dialectical.

Teachers and Instructional Coaches will meet the needs of this student group through daily classroom instruction. ISANA will provide focused professional development such as:

- Develop teachers' knowledge, understanding and positive attitudes toward SELs and the non-standard varieties of language they use;
- Develop teachers' linguistic knowledge about non-standard varieties of English
- Incorporate this linguistic knowledge into instructional practice
- Use student engagement strategies and appropriate scaffolding techniques to improve SELs' access to core content
- Utilize a balanced approach to literacy instruction that includes instruction in all the cuing systems; syntactic, semantic, grapho-phonetic, and pragmatic
- CRRE
- Mainstream English Language Development Strategies

ISANA will monitor the progress of students in this subgroup through assessments and Performance Tasks that identify features of AAVE and Mexican American English such as students' ability to use context clues, word parts, multiple choice; examining writing samples frequently since SELs tend to write in an oral style that reflects the dialectical; and monitoring Fluency.

32. "A Typical Day"

A visitor to the school should expect to see students engaged in standards-based curriculum with teachers as facilitators. Classrooms will show evidence of standards-based instruction and rigor. Student work will be showcased and graded according to standards-based rubrics. A visitor will also see the school's technology plan in effect with laptops for students, and projectors and document cameras for teachers, video on demand equipment, and other such equipment. The visitor should readily see that the technology is being used to further the effectiveness of the curriculum. Students will be seen using mathematics software programs to learn abstract

mathematics concepts visually, students will be seen using laptops to do internet research, to write papers, and to create PowerPoint presentations. In addition, students will be seen taking grade-level standards-based assessments using internet-based software.

A visitor will also see students engaged in enrichment activities such as acting, dance, and vocal instruction in our performing arts classes. A visitor should also see dedicated staff directing and overseeing the students. A visitor will see and hear teachers engaged in conversations around weekly assessment data and how to use the data to drive instruction for the upcoming week. Teachers will be seen and heard sharing and implementing effective strategies as they strive to increase student achievement. There will also be evidence of parent involvement and extended learning time.

A visitor will also see an Expanded Learning program that is an extension of the school day, a program that focuses on supporting students academically while cultivating their social and emotional well-being through an array of enrichment activities. Visitors will see a program that integrates technology and project-based learning to promote skill building, active and engaged learning, and youth voice and leadership. Students in the Expanded Learning program complete their homework with the assistance of a quality staff in safe and supportive environments. Visitors will notice collaborations with community partners to promote and practice healthy choices and behaviors in various components of the program. Upon homework completion, students participate in academic enrichment activities that are aligned to their day classroom instruction, incorporating technology programs like ST Math and i-Ready. A visitor to the school will also see that the culture is effective in uniting students and staff in a common educational endeavor and determining expectations for academics and behavior.

Element 2 – Measurable Pupil Outcomes and Element 3 – Method by which Pupil Progress Toward Outcomes will be Measured

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school.” (Ed. Code § 47605(b)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(b)(5)(C).)

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(c)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

Measurable Goals of the Educational Program

Measurable Goals of the Educational Program are described in Element 1.

Measuring Pupil Outcomes: Summative Assessment Performance Targets

Performance Targets Aligned to State Priorities Performance targets aligned to state priorities are described in Element 1.

Measuring Pupil Progress Toward Outcomes: Formative Assessment

Benchmark Assessments – In order to monitor student achievement throughout the academic school year, ISANA Octavia Academy teachers use the following assessments as benchmark assessments: curriculum-based assessments (weekly), teacher assignments and iReady Standards Mastery assessments (bimonthly and reassessment as needed), curriculum based assessments such as story tests and unit exams (given according to the pacing plan), and writing portfolio samples (bi-monthly). In addition, standards-based Diagnostics (iReady) are implemented every two months.

Curriculum-based assessments – Teachers use curriculum-based assessments to monitor student achievement on a weekly basis. During weekly grade-level team meetings, teachers analyze curriculum-based assessment data to monitor student achievement, determine student strengths and needs, and share successful strategies and techniques. Teachers will use this data to guide their instructional planning for the upcoming week.

ISANA uses the i-Ready program to administer Diagnostic Assessments. i-Ready is an interactive online learning environment designed to assess students and provide individualized instruction based on each one's unique needs. i-Ready Diagnostic assessments are adaptive assessments designed to provide teachers with actionable insight into student needs. They offer a complete picture of student performance and growth, eliminating the need for multiple, redundant tests. By adapting to student responses and assessing a broad range of skills—including skills above and below a student's chronological grade—the i-Ready Diagnostic pinpoints student ability level, identifies the specific skills students need to learn to accelerate their growth, and charts a personalized learning path for each student. Students take Diagnostic Assessments three to four times a year, depending on the grade level.

In addition, ISANA utilizes bimonthly i-Ready Standards Mastery Assessments to measure student mastery on specific grade level standards. Standards Mastery Assessments allow our teachers to quickly identify when reteaching or remediation is needed as standards are covered across the year. Furthermore, teacher and school leadership use i-Ready reports to identify misconceptions that may prevent students from making progress. These reports also include detailed instructional resources for targeted remediation and reteaching, giving teachers immediate access to tools that will help students continue to progress.

Data Analysis and Reporting

Results and accountability are demanded from all stakeholders at ISANA Octavia Academy. Data is relied on heavily for decision making, lesson planning, and implementation of ISANA instructional strategies. Assessments are analyzed by teachers and Instructional Coaches on a weekly basis to monitor student mastery of grade-level content standards. In addition, Diagnostic assessment data is analyzed and used to drive instruction for the next 8 weeks until the next Diagnostic assessment. Instructional Coaches meet weekly and analyze and disaggregate assessment data to drive professional development for teachers. Assessment data is shared with parents during parent conferences (twice a year), at monthly parent meetings (3 times a year), through mid-trimester progress reports (3 times a year) and via PowerSchool, which parents have to access to 7 days a week, 24 hours per day. Students are also held accountable for their progress as teachers conference with students to discuss their assessment scores, and develop plans of action to increase their proficiency levels (“Data Chats”). Data results are shared with students, families, staff, and ISANA’s Board of Trustees. The Principal and Chief Executive Officer are ultimately responsible to the Board of Trustees for student achievement.

Grading, Progress Reporting, and Promotion/Retention

Grading Policy

A grading policy and report have been developed for all ISANA schools with the input and support of the faculty, parents and students of the charters. The grading policy was developed to comply with applicable state and federal laws. Students’ grades are based on but are not limited to the following:

- Portfolio and Performance Assessments
- Formal and Informal Tests,
- Class Assignments, Projects, and Home Assignments.

Standards-based report cards are issued on a trimester basis. ISANA has developed two report cards, one for self-contained kinder through sixth grade classrooms and the second for grades six through eight that participate in block scheduling. Students in self-contained Kinder through 6th grade classrooms receive an achievement grade each trimester based on a 4-point rubric as follows:

	Achievement Scores	ELD Achievement Scores
4	Advanced	Advanced Progress
3	Proficient	Average Progress
2	Partially Proficient	Partial Progress
1	Not Proficient	Limited Progress

Students who participate in block scheduling receive letter grades as follows: A = 90-100% B = 80-89% C = 70-79% D = 60-69% F = 59% or less

Promotion and Retention of Students

Promotion and retention of students will be based on several assessment measures to determine if the student is advanced, proficient, partially proficient, or not proficient. Assessment measures will include the student progress report and teacher recommendations. Students whose average rubric score classification is “not proficient” on the final student progress report for the academic year may be retained.

The principal and/or teacher will prepare a written determination to specify the reasons for retention. The written determination will include recommendations for interventions that are necessary to assist the student to attain acceptable levels of academic achievement. The written determination will be provided to and discussed with the student’s parents, the student’s teachers, and the principal.

Students identified for retention must participate in a remediation program (i.e. after-school, tutoring, summer-school, RTI). The student’s academic performance will be reassessed at the end of the remediation program, and the decision to retain or promote the student will be reevaluated at that time.

The promotion and retention of special education students will be determined according to their Individualized Education Program (IEP).

Charter School also acknowledges that, as part of its oversight of Charter School, the District may conduct program review for federal as well as state compliance.

Governance Structure

ISANA Octavia Academy is operated by ISANA, a California nonprofit public benefit corporation. ISANA is a corporation that shall have no members, as that term is used in Corporations Code section 5056. On or around July 23, 2018, ISANA amended its Articles of Incorporation to change the name of the organization from "Celerity Educational Group" to ISANA, and ISANA and the District agreed in a signed amendment to amend this charter to reflect the organization's new name.

ISANA LEADERSHIP ORGANIZATIONAL CHART

ISANA Octavia Academy is operated in accordance with the Articles of Incorporation and bylaws of ISANA and this charter petition. The affairs of ISANA are managed and its powers exercised under the ultimate jurisdiction of ISANA’s Board of Trustees. This is explained in further detail below.

ISANA shall continue to be operated as a California 501(c)(3) nonprofit public benefit corporation. The Articles of Incorporation are filed with the California Secretary of State. As a nonprofit corporation, ISANA may not operate to the private inurement of any individual or group of individuals. ISANA is a corporation that shall have no members, as that term is used in Corporations Code section 5056.

ISANA acknowledges that amendments to its bylaws that significantly alter the Charter School’s governance or organizational structure, such as adding a member, are material and require approval by the District Board of Education.

ISANA Octavia Academy shall operate autonomously from the District with the exception of supervisory oversight.

ISANA Board of Trustees

ISANA Octavia Academy will be governed by a nonprofit board of trustees, whose major roles and responsibilities include, but are not limited to, establishing and approving all major educational

and operational policies, approving all major contracts in accordance with ISANA's fiscal policies and procedures, approving the Academy's annual budget, overseeing the Charter School's fiscal affairs, meeting corporate requirements and selecting and evaluating ISANA's top employee.

Executive Level Employees

Chief Executive Officer (CEO) – The CEO is not a member of the Board of Trustees. The CEO is responsible for the strategic direction and success of the organization.

Chief Financial Officer (CFO) – The CFO is responsible for general accounting and financial planning and analysis, as well as major facilities planning. The CFO is responsible for monitoring cash flows, budgets and mitigating financial risks to the organization.

Chief Academic Officer (CAO) - The Chief Academic Officer (CAO) is responsible for both sustaining and improving ISANA's culture of high academic excellence and will have primary authority and accountability for the academic performance of all schools.

Chief Operations Officer (COO) - The Chief Operations Officer will be responsible for leading the day-to-day operations of ISANA and the Academies. The Chief Operations Officer will generally oversee all administrative and operational functions of the organization.

Audit and Compliance Committee

The Audit and Compliance Committee assists the Board in fulfilling its responsibility to provide oversight of management regarding: (1) ISANA's systems of internal controls, policies and risk management; (2) the integrity of ISANA's financial statements; (3) ISANA's compliance with legal and regulatory requirements and ethical standards; and (4) the engagement, independence and performance of ISANA's independent auditors. The Committee consists of at least two Board members. All meetings of the Committee are called, held, and noticed in compliance with the Brown Act. The Committee currently meets regularly twice per month.

Governing Board Composition and Member Selection

The Board of Trustees are broadly representative of the school and our community and have, by virtue of their track records in their fields, broad and deep experience in matters related to the administration and operation of a school, and more specifically, successfully educating our target student population. This composition contributes to effective school governance because the board can utilize its varied experience to make informed decisions on all aspects of school governance. The authorized number of Trustees shall be no more than seven (7) and no less than three (3). The board currently consists of 5 members.

Potential board members are sought out when needed. This need may occur because an opening arises or because the Board determines that it needs expertise in a specific area. In terms of qualifications, board members must have a willingness to serve the goals of the organization. In

addition, board members should have expertise in areas such as legal, business, finance, public relations, entrepreneurship, education, or leadership. The Board and CEO review the qualifications of potential candidates to make sure that new Board members are a strong cultural fit with the organization, will add value in specific areas, and, most importantly, contribute to ISANA's growth and success. Board members serve three-year terms. There is no limitation upon the number of consecutive terms to which a trustee may be re-elected. Each trustee, including a trustee elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

Qualified board candidates' resumes are submitted to the full board. The board has the opportunity to ask pertinent questions to the board member candidate, and the election of new Trustees is submitted for vote to the full board. Board members are elected at a regular meeting of the Board from nominations presented, but if any such regular meeting is not held or the trustees are not elected at that meeting, the Trustees may be elected at any special meeting of the Board held for that purpose.

Board members deliberate openly on all open session agenda items during any Board meeting and vote. The Board addresses issues for the multiple ISANA academies at each board meeting. Principals and other staff report out on individual schools at board meetings. Board members have the opportunity to ask individual school staff questions about individual schools before voting on needs for those schools.

The Board of Trustees shall have ultimate responsibility for the operation and activities of ISANA and the School. The primary method for executing their responsibility is the adoption of policies, resolutions, approval of key documents, and other actions that implement the charter.

ISANA Governance Procedures and Operations

The Board meets every two months or additionally as needed. Board and Committee meetings are currently physically hosted at the ISANA central offices. ISANA will comply with Education Code section 47604.1, as amended by SB 126 (2019). ISANA has a regular meeting schedule; special meetings are called as needed and are agendaized according to the Brown Act. Annually the Board Secretary calendars the regular board meetings and sends the calendar to Board members for review ahead of Board approval. The Board is responsible for the affairs of ISANA, including, but not limited to, the following:

- Development, review, or revision of the School's mission and vision;
- Approval of the school calendar and schedule of Board meetings;
- Approval and oversight of Board policies and procedures;
- Approval of the annual budget and regular review of interim financial reports;
- Participation in the dispute resolution procedure and complaint procedures when necessary;
- Election of Board members and Officers as necessary;
- Approval of material revisions to charter;

- Approval of annual fiscal audits;
- Hiring, supervision, evaluation and if necessary, termination of the Chief Executive Officer;
- Creation of Board committees as needed, including but not limited to, the Audit and Compliance Committee.

The Board may initiate and carry on any program, activity or may otherwise act in any manner which is not in conflict with or inconsistent with, or preempted by any law and which are not in conflict with the purposes for which the ISANA Octavia Academy is established.

The Board may execute any powers granted by law to it and shall discharge any duty imposed by law upon it and may delegate to an employee of ISANA any of those duties. The Board however, retains ultimate responsibility over the performance of those powers or duties so delegated. Such delegation will:

- Be in writing;
- Specify the person or entity designated;
- Describe in specific terms the authority of the Board being delegated, any conditions on the delegated authority or its exercise and the beginning and ending dates of the delegation; and
- Require an affirmative vote of a majority of Board members.

Quorum

A majority of the authorized number of Trustees shall constitute a quorum for the transaction of any business except adjournment. Every action taken or decision made by a majority of the Trustees present at a duly held meeting at which a quorum is present shall be an act of the Board, subject to the more stringent provisions of the California Nonprofit Public Benefit Corporation Law, including, without limitation, those provisions relating to (a) approval of contracts or transactions in which a Trustee has a direct or indirect material financial interest, (b) approval of certain transactions between corporations having common trusteeships, (c) creation of and appointments to committees of the board, and (d) indemnification of trustees. Provision b is included because it is in the Corporations Code. When there is a tie vote, the item does not pass.

Abstention

Any trustee can abstain from voting at any time for any reason. Abstentions are recorded in the meeting minutes. Unless prohibited by the Political Reform Act or other applicable law, an abstaining trustee is still counted towards quorum.

Meetings by telephone or other telecommunications equipment

Members of the Board of Trustees may participate in teleconference meetings so long as all of the requirements in the Brown Act and Education Code section 47604.1, as amended by SB 126 (2019), are complied with. For so long as ISANA operates one or more charter schools located within Los Angeles County, ISANA will meet within the physical boundaries of Los Angeles County and a two-way teleconference location will be established at each school site.

Annual and regular meetings

All meetings of the Board of Trustees and its standing Board committees, if any, shall be called, noticed, and held in compliance with the provisions of the Ralph M. Brown Act ("Brown Act"). All meetings of the Board of Trustees shall also be called, noticed, and held in compliance with the provisions of Education Code section 47604.1, as amended by SB 126 (2019). The Board of Trustees shall meet annually for the purpose of organization, appointment of officers, and the transaction of such other business as may properly be brought before the meeting. Regular meetings of the Board of Trustees, including annual meetings, shall be held at such times and places as may from time to time be fixed by the Board of Trustees.

At least 72 hours before a regular meeting, ISANA posts an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting.

Stakeholder Involvement

Parents and Community Members Access to Board Meetings

Agendas for Board meetings are posted on ISANA's public website and at various locations, such as near the entrances to the main lobby of the school site and ISANA's central offices, at least 72 hours prior to regular board meetings and 24 hours prior to special board meetings. The agendas will contain a brief general description of each item of business to be transacted or discussed at the meeting including items to be discussed in closed session. Agendas specify the time and location of the meetings and are posted in locations that are freely accessible to members of the public. Board meetings are open to the public and are currently held at ISANA's central offices. Parents and community members can address the board on agenda items and on non-agenda items at regular meetings, and on agenda items at special meetings. Speakers' sign-up sheets are available at the beginning of every Board Meeting. Meeting minutes are prepared and reviewed by the Board Secretary prior to distribution to and adoption by the full Board. Agendas and official minutes are available for download from ISANA's public website, and are also available upon request from ISANA.

Site-Based Advisory Council

ISANA Octavia Academy has a Site-Based Advisory Council, consisting of the principal, parents, teachers, classified staff representation, and local community members. The Site-Based Advisory Council is a self-selecting Body. During the September General Parent Meeting, parents, community members and staff may self-nominate to be Council Members, and then the meeting attendees vote to elect the self-nominated members. Starting in October, the Site-Based Advisory Council meets monthly with the school administrators to provide suggestions and recommendations to the Board through the Principal and CEO on issues including, but not limited to, budgeting, curriculum, school policies, school/community participation, and the general direction of ISANA Octavia Academy. Meetings occur monthly from October to May each school year.

LCAP Development

Stakeholders (including administrative staff, classified staff, parents, certificated staff, and students) attend trainings on the LCFF, the LCAP, and how to read and interpret the eight priority metrics (data), and the schools' goals. At these meetings, stakeholders provide input that helps to formulate the document and provide quantitative information. The group analyzes the progress that was made toward each of the goals and how/if actions and services should be revised based on quantitative and qualitative data. Throughout the school year, we meet with stakeholders on a regular basis to analyze our progress toward our goals. The LCAP is available in the main office and on ISANA's public website, and is adopted at the regularly scheduled governing board meeting.

School Site Council

The School Site Council is composed of the Principal, teachers, other school personnel, and parents/guardians, and is responsible for developing, reviewing, and monitoring the school's plan for student achievement and reviewing relevant data to align state and categorical funding to the plan. The Council annually reviews the plan, establishes a new budget, and if necessary, makes modifications to the plan to reflect changing needs and priorities. As part of this, the School Site Council is involved in developing the plan and budget for federal Title I funds.

Parent Investment

One of the primary predictors of student success is parent investment in supporting the instructional program and the education for their children. Parents of ISANA Octavia Academy students are encouraged and expected to participate in the educational process of their children. To reach this goal, parents are meaningfully and actively engaged in their children's education. Parents are responsible and accountable for supporting their children's learning at school and at home through their participation in understanding what it will take for children to achieve at high levels, and by their active voice in achieving the goals of the school through volunteering. Some opportunities for parent involvement include, but are not limited to:

- Parents are actively engaged in the development of the school as members of the Site-Based Advisory Council.
- Parents are provided multiple opportunities to develop awareness of diagnostics and what their children must achieve to be successful.
- After enrollment, each parent and the school is encouraged to sign a Family Agreement acknowledging their understanding, responsibility and commitment to support student learning and the philosophy, program and academic goals of ISANA Octavia Academy. Failure to sign the agreement in no way impacts a student's enrollment.
- Parents are strongly encouraged to commit to volunteering time to support the school and to participate as mentors. A parent's failure to volunteer or inability to volunteer does not impact the student's enrollment.
- Parent-teacher conferences take place quarterly.

Prior to admission all parents/guardians are encouraged to attend an orientation. After admission parents are encouraged to sign the non-binding Family Agreement. Family Agreements will
ISANA Octavia Academy July 30, 2019 122

encourage parent involvement in and support of their child's educational experiences by encouraging parents to:

- Work with the child at home with homework, projects, etc.
- Maintain a positive and effective communication with the teacher and staff.
- Ensure that their child attends school on a regular basis, on time, and wearing clothes according to the school's Dress Code, which is available in the Parent Handbook.
- Enforce the School's discipline policies with their child, which are available in the Parent Handbook.
- Enroll their child in academic enrichment programs (Expanded Learning Program, Saturday classes, etc.) if the school deems it necessary.
- Attend at least two parent workshops during the school year. Parents' inability to attend the workshops will not have an impact on students' continued enrollment and receipt of instruction.
- Volunteer at least three (3) hours per month at the school. Parents' inability to volunteer three (3) hours per month will not have an impact on students' continued enrollment and receipt of instruction.

While parental involvement is strongly encouraged, parental involvement is not a requirement for acceptance to, or continued enrollment at, ISANA Octavia Academy.

Element 5 – Employee Qualifications

“The qualifications to be met by individuals to be employed by the charter school.” (Ed. Code § 47605(b)(5)(E).)

EQUAL EMPLOYMENT OPPORTUNITY

Charter School shall not discriminate against applicants or employees on the basis of race, color, religion, sex, gender, gender expression, gender identity, sexual orientation, pregnancy, national origin, ancestry, citizenship, age, marital status, physical disability, mental disability, medical condition, genetic information, military and veteran status, or any other characteristic protected by California or federal law. Equal employment opportunity shall be extended to all aspects of the employer-employee relationship, including but not limited to recruitment, selection, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and dismissal from employment.

ESEA/ESSA AND CREDENTIALING REQUIREMENTS

Charter School shall ensure that all teachers are appropriately assigned and fully credentialed in accordance with applicable state requirements for certificated employment, including but not limited to the provisions of Education Code section 47605(1). Charter School shall maintain current copies of all teacher credentials and make them readily available for inspection.

Employee Positions and Qualifications

ISANA Octavia Academy has selected a group of professionals that share the educational philosophy of the school and are committed to the education of all children.

All personnel must commit to the mission and vision of the school. Element 7 – Means to Achieve Racial and Ethnic Balance

“The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.” (Ed. Code § 47605(b)(5)(G).)

COURT-ORDERED INTEGRATION

Charter School shall comply with all requirements of the *Crawford v. Board of Education, City of Los Angeles* court order and the LAUSD Integration Policy adopted and maintained pursuant to the Crawford court order by the District’s Student Integration Services (collectively the “Court-ordered Integration Program”). The Court-ordered Integration Program applies to all schools within or chartered through LAUSD.

Charter School has set forth below its initial plan for achieving and maintaining the LAUSD’s Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio. (*Ratio represents the percentage of Predominantly Hispanic Black Asian Other (PHBAO) compared to Other White (OW)*). The written plan lists specific dates and locations of recruitment activities that Charter School will undertake in order to achieve the District’s Racial and Ethnic Balance goal. Charter School shall monitor the implementation and outcomes of the initial plan, and modify it as necessary throughout the term of the Charter to achieve the District’s goal. Upon request, Charter School shall provide the District with a copy of its current written plan.

The District receives neither average daily attendance allocations nor Court-ordered Integration Program cost reimbursements for charter school students. The District may receive the Targeted Instructional Improvement Block Grant (TIIBG) for its Court-ordered Integration Program. The District retains sole discretion over the allocation of TIIBG funding, where available, and cannot guarantee the availability of this funding.

Court–Ordered Integration

Below is ISANA Octavia Academy’s’ plan to achieve and maintain LAUSD’s Racial and Ethnic Balanced Goal of a 70:30 or 60:40 ratio:

- Publish ads in local newspapers in English and Spanish in the area of Glassell Park.
- Organize volunteers to distribute literature about the Charter School around the neighborhood.
- The Charter School’s promotional materials will be accessible to speakers of other languages (Spanish) and minority parents.
- The Charter School will be publicized through community groups, agencies, neighborhood youth organizations, churches, parks, and libraries.
- Several recruitment meetings will take place each year beginning in the winter.
- The Charter School will host open houses, back to school nights, orientations and Charter School tours on a regular basis.

ISANA Octavia Academy makes every effort to recruit students of various racial and ethnic groups in order to achieve a balance reflective of the general population residing within the territorial jurisdiction of LAUSD. ISANA Octavia Academy conducts orientation meetings year round to inform interested parents and students about what the Charter School has to offer. Open houses and school tours are conducted on a regular basis during the school year as well.

The Charter School specifically targets families in Northeast Los Angeles and our recruitment efforts are designed to ensure equal access for all students. ISANA has developed promotional materials, in both English and Spanish, such as a Charter School brochure and flyers which are distributed by employees and parent volunteers at pre-schools, parks, super markets, churches, libraries, day care centers and community group meetings.

We expect that this targeted outreach will help to achieve and maintain the LAUSD Racial and Ethnic Balance goal of a 70:30 or 60:40 ratio by ensuring that parents residing in the targeted area are informed about the availability of ISANA Octavia Academy as a viable option for the education of their children, by disseminating information to the ethnicities represented in the communities and languages the Charter School services, and because we are targeting specific neighborhoods that feed to Franklin and Eagle Rock High School.

ISANA Octavia’s 2018-19 enrollment by ethnicity from DataQuest shows that our recruitment efforts have been successful in this regard:

Name	Total	African American	American Indian or Alaska Native	Asian	Filipino	Hispanic or Latino	White	Two or More Races	Not Reported
<u>ISANA Octavia Academy</u>	515	1.4%	0.8%	1.6%	9.1%	83.9%	1.2%	0.8%	1.4%
<u>Los Angeles Unified</u>	607,723	8.4%	0.2%	4.0%	2.0%	74.1%	10.7%	0.2%	0.3%

Element 8 – Admission Requirements

“Admission requirements, if applicable.” (Ed. Code § 47605(b)(5)(H).)

DOCUMENTATION OF ADMISSIONS AND ENROLLMENT PROCESSES

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter. These records shall be made available to the District upon request.

HOMELESS AND FOSTER YOUTH

Charter School shall adhere to the provisions of the federal McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that Charter School is open to enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment.

Charter School shall comply with all applicable federal and state laws regarding homeless and foster youth, including but not limited to the provisions of AB 379 (2015) and Chapter 5.5 (commencing with Section 48850) of Part 27 of Division 4 of Title 2 of the Education Code, as amended from time to time. Charter School shall extend its uniform complaint procedure to complaints filed pursuant to the applicable provisions of AB 379.

NON-DISCRIMINATION

Charter School shall not require a parent/legal guardian/student to provide information regarding a student’s disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student’s IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Admission Requirements

ISANA Octavia Academy admits all pupils who wish to attend and follows all state and federal laws regarding admission. ISANA shall not discriminate against any student on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status. ISANA shall be nonsectarian in its programs, admissions policies, employment practices, and all other operations. ISANA shall not charge tuition. Admission to ISANA is available to all students residing in California. ISANA complies with all laws establishing minimum and maximum age for public school attendance.

All qualifying applicants will be accepted provided that the number of applications received at the time of the deadline does not exceed the Charter School's enrollment capacity. If the number of pupils who wish to attend the Charter School exceeds the Charter School's capacity, enrollment shall be determined by a public random drawing (public lottery).

Parent(s)/guardian(s) are encouraged to attend an orientation meeting with their child(ren) to understand the Charter School's vision and policies, including the Family Agreement. Parents who choose to send their children to ISANA Octavia Academy will be asked to complete a form to participate in the lottery. Students who are selected in the lottery will complete a Charter School enrollment form and be asked to review and to sign the Family Agreement after admission. The Family Agreement sets forth the Charter School's expectations for the school year, such as arriving to school on-time and ready to learn, complying with the dress code, and completing all homework assignments. A parent's decision not to sign the Family Agreement does not impact enrollment. ISANA Octavia Academy does not collect or solicit social security numbers or the last four digits of social security numbers from students or their parents or guardians unless otherwise required to do so by state or federal law.

Parents will be strongly encouraged but are not required to volunteer at least 3 hours per month at the school site. Parents who are unable to volunteer at the school site are able to volunteer in alternative manners, for example, helping with phone trees; taking their own children to the library after school or on weekends; or working with their children on computer-based programs at home.

A parent's inability to complete the volunteer hours does not impact the student's enrollment/continued enrollment. Parents are notified of alternatives to volunteering at the school site during monthly parent meetings, open houses, back to school nights, in the school newsletter and notes from teachers.

Student Recruitment

We actively recruit students achieving below grade level, economically disadvantaged students, and students with disabilities by placing our schools in locations where there are overcrowded schools and schools that are identified for program improvement. We recruit these student groups

by training our staff who are recruiting as well as including in our orientation presentation details of how the school's program specifically addresses the needs of these student groups.

Lottery Preferences and Procedures

ISANA Octavia Academy accepts applications for the lottery via email, fax, United States mail or in person. A public random drawing process is implemented if the number of students who wish to attend ISANA Octavia Academy exceeds the school's capacity. Current students are exempt from the lottery. Preference is given as follows:

1. Students who reside within the boundaries of LAUSD.
2. Siblings of students enrolled at the school.
3. Children of staff not to exceed 10% of enrollment in each grade level.

The rationale for preferences #2 and #3 is to preserve family continuity.

The school will designate a lottery application deadline (generally no later than February 28th) and only lottery applications received prior to the deadline will be included in the public random drawing. Public notice of the lottery's date, time, location, procedures, and rules will be posted on the school's website and in the school's lobby. The lottery will be conducted in the evening on a weeknight so interested parties will be able to attend and observe. The lottery will take place on school grounds, unless a larger public space is necessary to accommodate interested families. Parents do not need to be present at the public random drawing.

ISANA Octavia Academy will use a neutral proctor to ensure the lottery procedures are fairly executed. Names of applicants will be drawn publicly at random. Students who are not admitted via the drawing will be placed on a waiting list. Students who are given priority based on the above list of preferences will be marked as such on the waiting list. If vacancies occur during the school year, the vacancies will be filled first from the waiting list. Parents of students who have been promoted off the waiting list will be contacted by phone and must respond to the Principal or his/her designee within two days by either phone, email, or coming in person in order to secure admission by completing the enrollment process.

The school will keep on file a list of all student names entered into the drawing, original applications for enrollment, and a list of students on the waiting list by grade level. The school will also keep the lottery procedures available for review at all times.

Element 9 – Annual Financial Audits

“The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.” (Ed. Code § 47605(b)(5)(I).)

Charter School shall provide for an annual audit that shall be conducted in compliance with applicable state and federal laws, including but not limited to the requirements of Education Code sections 47605(b)(5)(I) and 41020 as they may be amended from time to time. Charter School shall ensure compliance with the requirements of section 41020(f)(2), which makes it unlawful, absent an Education Audits Appeal Panel waiver, for a public accounting firm to provide audit services to a local educational agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local educational agency in each of the six previous years.

Annual Audit Procedures

ISANA Octavia Academy will hire a Certified Public Accountant (CPA) with experience in school district audits to conduct annual, independent financial audits. Staff will review and present an analysis of independent auditor proposals to the Board and make a recommendation for selection of independent auditor. The Board of Directors shall select the independent auditor and review the scope services. The Chief Financial Officer is responsible for contracting with an accountant to conduct the required annual financial audit. These audits will employ generally accepted accounting principles and will comply with the audit guide issued by the California Education Audit Appeals Panel. The CFO and our business services provider are responsible for working with the independent auditor to complete the audit. The CFO will select an auditor that is on the

State Controller's list of approved auditors to conduct charter school audits. The CFO is responsible for ensuring that the auditor sends the completed audit to the required agencies by the statutory deadline. Audit exceptions must be resolved to the satisfaction of the District within the reasonable timelines as prescribed by LAUSD. The audit resolution process begins with a review of the reportable conditions by the CFO and development of management decisions in response. The CFO communicates with the auditor in order to clarify the specific area notated and provide any additional documentation to achieve acceptable resolution of the findings and questioned costs identified during the audit process. The CFO will also inquire as to recommendations from the auditor to resolve the condition and attempt to agree upon acceptable corrective actions in response to the reportable condition. After resolution is attempted for all reportable conditions, the CFO shall prepare a detailed corrective action plan for all reported conditions describing the steps ISANA will take and outline the associated timeframes to resolve the audit findings satisfactorily. All findings, questioned costs, and corrective action plans shall be reviewed by the Audit and Compliance Committee and Board of Directors.

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School's policies and procedures were followed
 - Copy of parental notice of expulsion hearing
 - Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student's compliance for reinstatement, appeal process, and options for enrollment
 - If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
 - If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
 - A. Was the misconduct caused by, or directly and substantially related to the student's disability?
 - B. Was the misconduct a direct result of Charter School's failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

Element 10 shall serve as ISANA Octavia Academy's policy and procedures for student suspension and expulsion, it will be periodically reviewed, and it may be amended from time to time. These detailed policies and procedures were developed by ISANA over the years, and are

periodically reviewed by the Board of Trustees and/or staff at least annually to insure they comport with legal requirements and provide due process for all students.

ISANA Octavia Academy administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures. The notice shall state that this policy and procedures are available on request at the Principal's office.

A student identified as an individual with disabilities or for whom the School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities in Education Improvement Act of 2004 ("IDEIA"), or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when federal and state law mandates additional or different procedures. The Academy will follow all applicable federal and state laws including but not limited to the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Academy has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

School Climate and Student Discipline System

ISANA Octavia Academy's goal is to provide a school climate that is safe, supportive and nurturing for each student. All students have a right to learn while attending a safe school. As such, a student discipline system that addresses prevention, early intervention, school-wide positive behavior support, and consistent expectations as well as appropriate consequences for behavior is a necessary part of school life.

ISANA Octavia Academy's student discipline system focuses on the implementation of a school-wide positive behavior intervention and support system that helps to prevent the occurrence of problem behaviors that may result in disciplinary actions. This student discipline system includes a multi-tiered approach that is implemented by school staff through: school leaders actively supporting the implementation of school-wide positive behavior interventions and supports; teaching and consistently reviewing school-wide rules and behavioral expectations; teaching and modeling appropriate social and behavior skills; reinforcing appropriate student behaviors; using effective classroom management strategies; providing early intervention for inappropriate behaviors; collaborating and communicating regularly with families regarding behavioral expectations, individual student behavior plans, student progress, and any necessary consequences.

The goals of ISANA Octavia Academy's student discipline system are to:

- Promote student self-discipline, independence and mutual respect for others.
- Model, teach and encourage socially appropriate behavior so that students will be happy and successful in the real world.
- Maximize learning time by decreasing the number of office referrals and suspensions.

- Monitor and correct student misconduct through positive behavioral interventions.
- Analyze student behavioral data to further guide the development and implementation of school-wide behavioral supports and interventions.

School-Wide Positive Behavior Intervention and Support:

Students who engage in misconduct will be provided with behavioral response to intervention through services such as our Coordination of Services Team (COST) or Success Progress Team (SSPT) referral process, as described in Element 1. Through this referral process students with behavioral difficulties receive early behavioral intervention and staff can progress monitor through data collection.

The goal of ISANA Octavia Academy is to provide an atmosphere that is safe, supportive, and nurturing for each student. All students have a right to learn while attending a safe school. As such, ISANA Octavia Academy establishes a positive school culture and effective discipline practices consistent with the Los Angeles Unified School District's Discipline Foundation Policy by establishing school-wide behavioral expectations and training staff (both certificated and classified) in supports such as Love and Logic, Peace Tree, and other positive behavior interventions and supports that maintain a positive school culture. Staff uses what they have learned through ongoing professional development to serve as role models of these expectations to all students.

Staff and faculty at ISANA Octavia Academy shall teach and monitor appropriate student behavior. Behavior expectations are set at the beginning of the school year and discussed on a consistent basis, which reinforces what appropriate student behavior is and how students can meet expectations.

Through the use of tiered positive behavior interventions and supports, the school will:

- Promote self-discipline and proper regard for authority among students;
- Encourage good behavior and respect for others;
- Ensure students' standard of behavior is acceptable; and
- Regulate students' conduct.

ISANA Octavia Academy's progressive discipline model provides students with clear expectations and consistent, logical, and fair consequences for not meeting expectations. Through the utilization of tiered behavior interventions and supports, students are given the opportunity to change their behaviors. This is especially beneficial in cases where students may not realize they are failing to meet the expectations or causing problems for others. Staff is given the chance to guide students through the process of understanding their actions and what steps can be taken to improve the situation; this is a chance for teaching and mentoring.

Through guided lessons, staff instruct students on how to successfully demonstrate behaviors that are aligned to the school and classroom behavioral expectations. When it has been determined that students are not meeting the expectations, teachers work with students to create individualized behavior plans that are communicated to parents/guardians to ensure a holistic approach to

establishing a positive school culture and climate. Additional behavioral supports include the school counselor collaborating with staff to conduct developmentally-appropriate guidance lessons that target specific areas of misconduct. As with core subjects, instruction is differentiated, and student comprehension is assessed. For students whose misconduct has escalated, measures are taken to provide individualized plans which may include behavioral supports and strategies, individualized rewards plans, and fostering self-regulatory/advocacy practices.

Tiered Behavior Intervention:

ISANA Octavia Academy's progressive discipline model is further undergirded by a tiered behavior intervention and support structure. Through tiered behavior interventions and supports, consequences are paired with meaningful instruction and guidance (corrective feedback and re-teaching), offering students an opportunity to connect their misconduct with new learning. They can contribute back to the school community, and re-engage in learning. Consistent and logical consequences are carefully planned with well-defined outcomes to provide the greatest benefit.

ISANA Octavia Academy shall utilize a four-level system to determine how to deal with behavior challenges. Level 1 issues are dealt with in the classroom. Level 2 and Level 3 offenses are habitual, and will initiate alternatives to suspensions such as COST or SSPT process. Level 4 offenses are those that, due to Education Code requirements, must automatically lead to suspension or expulsion.

Level 1: Tier 1 Behavior Interventions are implemented in the classroom, playground, cafeteria, and other areas of campus where students gather. These interventions include (but are not limited to):

- Provide positive support and redirection.
- Give the student an appointment to talk about the problem.
- Frequently review and model student and teacher expectations and procedures.
- Set limits by describing what you allow/do, or provide, without telling the students what to do about it.
- Restrict student from the area of the infraction until the adult and student feel that another try is in order.
- Student makes an "informational telephone call" to his/her parents/caregivers to describe the problem and his/her plans for improvement. Teacher calls first without student's knowledge to alert parent and seek support. This happens at the conclusion of the instructional day.
- Provide a natural or logical consequence with empathy.

Level 2: When documented evidence supports a student's need for a more targeted and specialized intervention because he/she is unresponsive to Tier 1 interventions and supports, staff employ Tier 2 Interventions including (but not limited to):

- Reflective Behavioral Journaling
- Behavior Support Plan
- Parent/Student Conference
- Peer Mediation

Level 3: When a student persists in behaviors that are incongruous with the expectations and have been documented as unresponsive to Tier 1 and Tier 2 behavior interventions, it is necessary to employ specialized and individualized Tier 3 behavior interventions, which include (but are not limited to):

- Intensive academic support based on the student's level of need
- Intensive social skills counseling
- Alternative Programming (change teacher/class)
- Individual behavioral student contract
- Develop intensive COST/SSPT goals to address the continued misconduct
- Multi-agency collaboration
- Community and service learning

When it is necessary for Tier 2 and Tier 3 interventions to be employed, staff involve the principal or designee for support, development, implementation of these interventions. This ensures the appropriateness of the intervention. Parents/guardians are invited into this process to serve as a collaborative partner with the school to address the student's needs.

Level 4: The principal or designee shall issue a suspension when a student engages in behavior that, due to Education Code requirements, must automatically lead to suspension or expulsion.

Restorative Justice Practices:

ISANA Octavia Academy will build a community of safety and respect not only through the use of tiered positive behavior intervention support and progressive discipline, but also through the implementation of Restorative Justice practices. As outlined in the Los Angeles Unified School District's Restorative Justice Introductory Manual, restorative practices work to reduce student misconduct and suspensions when used as one available alternative to suspension and to foster positive school climates with the goal of eliminating racially disproportionate discipline practices. Restorative practices also promote trust and respect in relationships, setting the foundation for teaching and learning. In addition, the practices provide meaningful opportunities for students to develop self-discipline and positive behavior in a caring and supportive environment.

Among the restorative practices ISANA Octavia Academy will use is gathering groups of people together into circles for conversation, which is one of the most recognizable features of schools that have adopted restorative practices. These circles can take many forms: mediation circles when a problem needs to be addressed, healing circles when group members are hurting or grieving, or circles that form just for dialogue and storytelling. When circles are a regular part of the school culture, they give students a vehicle for communicating when problems arise, rather than handling them in less constructive ways.

Along with restorative circles, ISANA Octavia Academy will use every opportunity to pair an infraction with a logical and restorative consequence rather than one that is punitive.

Alternatives to Suspension: Alternatives to suspension will include consequences that are identified as appropriate responses to misconduct and that provide the student with an opportunity

to learn the skills necessary to avoid future misconduct. Alternatives to suspension may include but are not limited to:

- Changes in student's schedule tailored to students' needs
- Implementation of a behavior monitoring system
- Implementation of a behavioral contract including reinforcers for success and consequences for continued problems.
- Referral to group or individual counseling
- Instruction in social-emotional/behavioral skills
- Use of problem-solving approach to assist student identify the problem and possible appropriate solutions.

Professional Development

Professional development in the area of school-wide positive behavior support is provided to all staff members on an on-going basis. Professional development for school staff includes topics such as: classroom management, using a problem-solving approach to discipline, managing student behaviors, creating positive classroom culture, and creating positive behavior support plans.

Using Data:

ISANA Octavia Academy takes into consideration various forms of data when planning for the behavior intervention and support of students as well as monitoring their progress towards meeting behavior expectations. The COST, comprised of the Principal, Instructional Coach/Administrator-in-Training, School Counselor, School Psychologist, Instructional Coach, Teachers, and Interventionists meet regularly to discuss data pertaining to student behavior in order to develop and oversee the implementation of appropriate behavior interventions and restorative consequences.

In-School Suspension

In-school suspensions are administered by the Principal or the Principal's designee when a student commits a suspension offense but poses no imminent danger or threat to the campus, students, or staff. During an in-school suspension, the student is sent to another classroom or room within the school for one or more class periods where he/she is supervised by an adult and required to complete his/her class work. The student remains on campus for the length of the suspension and receives academic support by a credentialed staff member for material (assignments and tests) related to all missed classes, which the teacher provides. Students will have access to appropriate counseling and intervention services while serving in-school suspension. Students with disabilities will be provided with supports and services as described in their IEP. In-school suspensions shall not exceed 2 days per incident and 15 days per student per year.

A school employee will notify parents/guardians via telephone or in person of an in-school suspension. Whenever a student is given an in-school suspension for longer than one class period, the principal or designee will send home a copy of the In-School Suspension Notice, signed by the principal or designee.

The In-School Suspension Notice will include:

- The details of the infraction,
- An invitation to an in-person meeting with the principal/designee and teacher to confer with the parent/guardian on the matter,
- Instructions on how to appeal the suspension, and
- Principal's and teacher's contact information.

Out-of-School Suspension Procedures

Suspensions shall be initiated by the Principal or the Principal's designee according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. The process for investigating incidents and collecting evidence will be fair and thorough.

This conference shall be held within two (2) school days of the Principal or designee's determination to suspend the student, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as information regarding appeal of suspension. In addition, the notice will also state the date and time when the student shall

return to school. If Principal or designee wishes to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice shall request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than twenty (20) school days in any school year. This restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. Students with Individualized Education Programs (IEPs) cannot be suspended for more than ten (10) school days without holding an IEP meeting to determine whether the behavior is a manifestation of the student's disability. If it is, the IEP team must correct the IEP or its implementation and not suspend the student beyond ten days. If it is not, the school can suspend longer than ten (10) days but no more than twenty (20) in a school year, but must still provide ongoing education under their IEP during the suspension.

During all suspensions the Principal or Principal's designee will ensure that the students and their families receive classroom materials and current assignments to be completed at home during the term of the suspension (homework and class work missed). All work will be graded by the teacher and feedback will be provided in a timely manner. Students will be given an opportunity to make up all missed assignments and assessments.

Upon a recommendation of Expulsion by the Principal or Principal's designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Principal or designee upon either of the following determinations: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Appeal of Suspension

Parents and/or guardians can appeal a student's suspension within ten (10) school days of the first day of suspension, to the CEO. Their right to appeal is outlined on the suspension paperwork, which is provided to parents/guardians at the time of the suspension, as well as in the parent handbook. A suspension appeal will be heard by the CEO, and upon consideration the CEO's decision is final. If the appeal is not granted, the student will not be reinstated in school for the day(s) to be suspended. However, if the appeal is granted, the CEO may remove the suspension from the student's records.

Expulsion Procedures

1. Authority to Expel

A student may be expelled based on the determination of a single, neutral Hearing Officer following a hearing and upon the recommendation of the Principal. The Hearing Officer will be assigned by the CEO as needed, and shall be a certificated individual from ISANA but not from ISANA Octavia Academy. If the Hearing Officer makes a determination that the student committed an expellable offense, the student shall be immediately expelled unless the parent or guardian timely submits a written appeal to the ISANA Board.

2. Expulsion Procedures

Within five (5) days of the first day of suspension for an expellable offense, a pre-expulsion conference will be held (unless it is deemed necessary to extend the suspension an additional five (5) days pending further investigation). If a recommendation for expulsion is made at the pre-expulsion conference, then an Expulsion Hearing will be scheduled within 30 days. If a recommendation for expulsion is not made, then the student must return to their previous educational setting at the end of the suspension term.

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal makes a recommendation for expulsion. Pending the expulsion hearing, the school will ensure that the student attends an appropriate interim placement arranged for by Charter School. To refer a student for an interim placement, the principal must forward copies of the following documents to the Director of Pupil Services:

- a. Cumulative record folder jacket(s)
- b. Student's grades-in-progress/current class schedule
- c. ELPAC scores, immunization records, and home language survey

The interim placement for special education students shall be addressed in the student's pre-expulsion IEP meeting. Prior to the meeting, a call must be made to the Director of Special Education for an offer of Free and Appropriate Public Education (FAPE). Interim placements for special education students are to be arranged by the referring school with the assistance of the Director of Special Education.

When students are suspended, teachers will provide work for them that will ensure that their education continues while they are absent from school. Students will continue to have access to their lessons, assignment, and tests during any extended suspensions, pending an expulsion hearing. If a student cannot attend school due to an expulsion hearing, a student can be placed on alternative educational placement for up to 45 days while the expulsion is pending. The student has to be provided FAPE, which includes all services in the IEP.

The Hearing Officer shall conduct the expulsion hearing. The Hearing Officer shall hear the case, and make the expulsion determination. The hearing shall be held in a closed setting unless a public hearing is requested by the parent/guardian.

Written notice of the hearing shall be forwarded by the Principal or the Principal's designee to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the School, Panel Chair or the hearing officer in the expulsion. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons

of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Hearing Officer must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Hearing Officer, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Hearing Officer may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Hearing Officer may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the Hearing Officer from removing a support person whom the presiding person finds is disrupting the hearing. The Hearing Officer may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School. The Hearing Officer shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the Hearing Officer shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the Hearing Officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing room during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed setting when testifying at a public hearing would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Hearing Officer that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be

provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the expulsion hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A decision by the Hearing Officer to expel must be supported by substantial evidence that the student committed an expellable offense. For discretionary expellable offenses, evidence must also be presented that supports at least one of the following additional findings: 1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct; 2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

Findings of fact of the Hearing Officer shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Hearing Officer determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held in a public setting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Hearing Officer shall be in the form of written findings of fact.

If the Hearing Officer decides not to expel, the pupil shall immediately be returned to his/her educational program.

In some cases the Hearing Officer may decide to suspend the enforcement of a students' duly processed expulsion. Students who are placed on expulsion with suspended enforcement would either return to their previous school setting, or the Hearing Officer may determine that an opportunity transfer to another ISANA Academy would be most appropriate for the rehabilitation of the student. Students who have been placed on expulsion with suspended enforcement may have their suspended enforcement status revoked and be expelled outright (i.e., "straight expelled") if it

is determined that, during the period of suspended enforcement, the student committed another violation(s) of Charter School's rules and regulations governing student conduct.

Written Notice to Expel

The Principal or designee, following the Hearing Officer's determination to expel, shall send written notice of the decision to expel, including adopted findings of fact, to the student or parent/guardian within five (5) school days following the hearing. This notice shall also include the following:

1. Notice of the specific offense committed by the student.
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School.
3. The expulsion appeal process.
4. The reinstatement eligibility review date.
5. A copy of the rehabilitation plan.
6. Opportunity to request reasonable accommodations in order to ensure that the parents/guardians are able to participate in meetings and/or understand written documents.

Involuntary Removal

No pupil shall be involuntarily removed by Charter School for any reason unless the parent or guardian of the pupil has been provided written notice in-person and/or by mail of intent to remove the pupil no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to request a hearing adjudicated by a neutral officer before the effective date of the action. If a hearing is requested, the pupil will remain enrolled at Charter School until the school issues a final decision. For purposes of this charter, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions for disciplinary reasons.

Outcome Data

Charter School shall maintain all data involving placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements.

ISANA Octavia Academy will maintain data for all students including:

Expulsion Appeals Procedure

The decision to expel a student may be appealed by the parent or guardian of the student to the Expulsion Appeals Panel. The Panel shall consist of three (3) members appointed by the Chairperson of the ISANA Board of Trustees as needed. At least one (1) Panel member shall be certified but not from ISANA Octavia Academy, while the other two (2) members may be ISANA employees, Board members. In order to appeal, the parent must submit a written request to the CEO within ten (10) school days of the Hearing Officer's decision to expel. The student will be considered suspended until a meeting of the Panel is convened, which shall be within ten (10) school days of receipt of the written appeal. The parent may attend to present their appeal or may submit written documentation supporting the appeal. ISANA will strive to schedule the Panel meeting to accommodate the parent's presence. The Panel will make a final decision on the expulsion appeal based on information presented by the parent at the Panel meeting and information from the original expulsion hearing. The Panel's decision regarding the expulsion will be final.

Disciplinary Records

The School shall maintain records of all student suspensions and expulsions at the School. Such records shall be made available to LAUSD upon request.

Expelled Pupils/Alternative Education

The school will facilitate assisting the parent in seeking alternative education programs including, but not limited to, programs within Los Angeles County or their school district of residence.

Rehabilitation Plans

ISANA Octavia Academy will provide a rehabilitation plan upon expulsion, as developed by ISANA Octavia Academy's principal or designee at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to ISANA Octavia Academy for readmission. The amount of time is determined by ISANA Octavia Academy's principal, designee, or governing board and will be adhered to. Criteria for the rehabilitation plan will include the following: enrollment in another school; upholding school rules and behavioral expectations; acceptable attendance; completion of school work; and community service hours.

Readmission

At the end of the expulsion term, a parent/guardian may submit written documentation to the Charter School showing that the student has met the conditions of the rehabilitation plan. The CEO or neutral designee shall review the readmission documentation and decide to readmit or not.

ISANA Octavia Academy July 30, 2019 178

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

State Teachers Retirement System (STRS)

All certificated employees participate in STRS. The Director of Human Resources (or designee) shall work directly with the Los Angeles County Office of Education to forward in a timely fashion any required payroll deductions and related data. ISANA provides assurances that the report submitted to LACOE will be in a format acceptable to LACOE. The CEO will keep on file documentation that STRS contributions have been made to the State of California. The school will continue such participation in STRS for the duration of the charter school’s existence under the same CDS code.

All non-certificated employees contribute to Social Security according to Federal and State laws with ISANA Octavia Academy matching at the rates prescribed by law, unless provisions are made for other retirement options such as Public Employees Retirement System (PERS) or other retirement systems. The Director of Human Resources (or designee) will be responsible for ensuring that appropriate arrangements for that coverage have been made. To better serve its employees, the school may explore opportunities to provide PERS or other retirement systems to non-certificated staff members, in a manner consistent with applicable state and federal law.

Element 12 – Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(b)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. Personnel records to be transferred to and maintained by the designee must include any and all employee records, including but not limited to, records related to performance and grievance. Charter School must provide to the CSD and the designee a list of all active and inactive employees and their periods of service. Both Charter School and the designee, individually and separately, shall inform the CSD immediately upon the transfer of Charter School's employee records to the designee.
8. Charter School shall ensure that all records are boxed and clearly labeled by classification of documents and the required duration of storage in accordance with District procedures.
9. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student's district of residence.

Financial Close-Out

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.

2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budgets
2. Interim financial reports
3. Second interim financial reports
4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after

all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.
3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

- a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.
- b. Make final federal tax payments (employee taxes, etc.)
- c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

The CEO or designee will serve as the school's closure agent in the event that the school closes.

Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

District-Owned Facilities

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- Use: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.
- Furnishings and Equipment: The District shall retain ownership of any furnishings and equipment, including technology, (“F&E”) that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.
- Leasing; Licensing: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.
- Programs, Services, and Activities Outside Instructional Program; Third Party Vendors
 - (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term “instructional program” is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on “average daily attendance” and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.
 - (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

- **Minimum Payments or Charges to be Paid to District Arising From the Facilities:**
 - (i) **Pro Rata Share:** The District shall collect and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and
 - (ii) **Taxes; Assessments:** Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School's legal or equitable interest created by the use agreement.

The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.
 - (ii) **Sole Occupant:** If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD's policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.
- **Real Property Insurance:** Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site

as a charter school. However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code Section 47641 (a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b).

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Modified Consent Decree Requirements

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree (“MCD”) and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s (“OIM”) required format in accordance with the OIM’s required timelines and as follows:

- End of Year Suspension

District ID, SSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- Statewide Assessment Data

The standard file including District ID.

- Norm day

District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- CBEDS

- All Students enrolled as of December 1 of each school year

- Dropout

District ID, SSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district

- Monthly SESAC and Suspension data

- Graduation roster from all charter schools with 12th grade students with disabilities

The MCD requires charter schools to implement the District’s integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Upon charter school full utilization of MiSiS either directly or via a web based API, the list of required data above will automatically be captured within MiSiS.

- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
 - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
 - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

Charter School shall comply with the federal Gun-Free Schools Act.

Element 11 – Employee Retirement Systems

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Element 12 – Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(b)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil’s school district of residence in accordance with applicable law and that school district’s policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school’s charter. If LAUSD is the pupil’s school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the

requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.

2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.
3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

- a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.
- b. Make final federal tax payments (employee taxes, etc.)
- c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District

ISANA Octavia Academy July 30, 2019 234

therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

District-Owned Facilities

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- Use: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.
- Furnishings and Equipment: The District shall retain ownership of any furnishings and equipment, including technology, ("F&E") that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.
- Leasing; Licensing: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.
- Programs, Services, and Activities Outside Instructional Program; Third Party Vendors
